

The Yun Family's Ninth Child is an Imp! Chapter 711

The Giant Frost Lion Chief thought for a moment and felt that it was a good deal, so it nodded and agreed to Yun Chujiu's conditions.

Yun Chujiu immediately threw out the two corpses of the Giant Ice Wolves and gave An Feng a look. The two of them jumped up and flew away quickly.

An Feng lit a candle in his heart as he ran. Tsk tsk, you guys are asking for death if you want to get your hands on Miss Jiu!

The Ninth Miss did not even need to make a move herself. She could just move her mouth and a beast would take revenge for her! Although the five Giant Frost Lions could not kill those people, they would still make things difficult for them.

When he first saw the Ninth Miss put away the bodies of the Giant Ice Wolves, he thought it was pointless at first. He did not expect it to end up being so useful. It could lure Scarlet Poison Frogs and even be used as payment to hire beasts. It was like killing multiple birds with one arrow!

An Feng was completely impressed by Yun Chujiu, but Liu Qian and the others were dumbfounded!

Who could tell them the reason why the five Giant Frost Lions did not chase after the two people but pounced on them instead?

The five Giant Frost Lions pounced in front of Liu Qian and the others. They realized that they could not beat them, but they could not let their new prey slip away. They had to kill a few weak ones first!

Therefore, both sides engaged in a chaotic battle...

At that moment, Yun Chujiu stood on a small slope and enjoyed the show. ‘Little Brats, you dare to provoke me? I’ll make you pay for it.’

The five giant Giant Frost Lions were defeated very quickly. They unwillingly ran back to the place where they came from and dragged the two giant Frost Wolves Corpses along.

To preserve their strength, Liu Qian and the others did not chase after them. The old man with the goatee said angrily, “Those two people are cunning. They used the demon beasts’ corpses to stall for time and then escaped. We are the unlucky ones.”

“However, this also shows that although they hid their strength, their actual spiritual power is not that high. Otherwise, they would not have escaped,” said the other old man with the triangular eyes.

Liu Qian nodded. “In that case, we will soon reach the point marked on the map. We will find an opportunity to kill them.”

Seeing that Liu Qian and the others had gotten rid of the Giant Frost Lions, Yun Chujiu hopped and continued to walk forward. “Little Madman, what kind of treasure do you think they’re looking for? Who would hide the treasure in this Chimeric Icefield?”

An Feng shook his head. “I’m not sure, but it seems like the Goshawk Sect is very sure that they will find something here. Maybe there really is treasure somewhere nearby.”

Yun Chujiu nodded and continued to hop forward. As she walked, she muttered, “But this is an endless field of ice. Who knows where the treasure is buried? Why don’t we slow down and follow them!”

An Feng nodded. The two of them slowed down and found a place to rest.

Liu Qian and the others soon caught up to them. Liu Qian asked with a fake smile, “Young hero Shi, why aren’t you leaving?”

“Sect leader Liu, to be honest, our spiritual power can’t be compared to yours. If we walk for too long, our spiritual power will be drained quickly. We need to rest for a while. Otherwise, we won’t be able to do anything for a while,” Yun Chujiu said helplessly.

Hearing Yun Chujiu’s words, Liu Qian was even more certain that the two of them were also here for the treasure. However, how did they find this place? Could it be that they also had a treasure map on them?

Liu Qian probed, “Young hero Shi, let’s not beat around the bush. You are also here for the treasure, aren’t you? If that’s the case, how about we work together? If we get the treasure, we will split it equally with you, how about it?”
