

## The Yun Family's Ninth Child is an Imp! Chapter 714

Yun Chujiu was puzzled. If the treasure were related to the Eye of the Earth, why did that person not come and personally look for it? Or did he send his own people to find it? Why did he ask the Goshawk Sect to find it for him?

Yun Chujiu thought about it for three reasons. First, it was inconvenient for that person to come personally. Moreover, he didn't have his own power at the moment, so he could only use the Goshawk Sect to complete it. Second, it was extremely dangerous there. Most likely, it would be a disaster. That person didn't want to put himself in danger. Third, that person wasn't sure what was inside. He wasn't even sure if the map was real or fake, so it was not worth putting himself at risk.

Since that was the case, should she continue to follow them to search for treasures?

Yun Chujiu thought about it, then gritted her teeth and decided to keep going. She had to go! If she wanted to find the person who hired assassins to kill her, she had to start with the jade token of the Red Spider Lily.

Moreover, the faction that had the jade token of the Red Spider Lily had a big plan. If they were to find the Eye of the Earth, they would destroy the Azure Mystic Continent. Although she was not a person with a strong sense of justice, she had to stop them for the people she cared about.

Yun Chujiu and Liu Qian both had their own thoughts. However, both of them were very good at acting. On the surface, they were still talking and laughing. Everyone followed the map and soon found the place marked on the map.

This was a mountain peak covered in snow that was not very high. The Goshawk Sect's people searched for a long time but did not find anything special there. Where was the treasure hidden?

Liu Qian took out the sheepskin map and looked at it again and again. It was indeed here, but where would he start looking?

“Young hero Shi, did you find anything?” Liu Qian had no choice but to ask Yun Chujiu.

“Sect leader Liu, I wonder if you have found that there is a picture of the sun on the top of this map?” Yun Chujiu asked with a smile.

Liu Qian was stunned. He quickly looked at the sheepskin map in his hand. Sure enough, there was a ball of the sun on the upper right side of the map. “Young hero Shi, could the sun be pointing to something?”

Yun Chujiu giggled. “I’m just guessing. Think about it. Why would he draw a sun on a map? It’s not a drawing!”

Liu Qian nodded. “Young hero Shi, what you said makes sense. Then what exactly does the sun mean?”

“If I’m not wrong, it should mean that this mountain appears differently at a specific time. Only then can we find the place where the treasure is hidden. Looking at the position of the Sun, it should be three o’clock in the morning.” Yun Chujiu looked at the sun on the map and said.

Zhang Biao scoffed, “What nonsense! I’ve never heard of a specific time for treasure hunting!”

Liu Qian glared at Zhang Biao unhappily, “Don’t be rude! I think what young hero Shi said makes sense. If you still can’t find any traps, we’ll wait until three in the morning tomorrow.”

Zhang Biao angrily continued to lead his people around the mountain to search for clues. Unfortunately, they had already combed the entire mountain and could not find any useful clues.

Everyone could not help but feel a little discouraged. They could only set up camp on the spot and hoped a clue would appear at the specific time the next day.

Yun Chujiu found an opportunity to explain the situation to An Feng. An Feng was also very surprised.  
“Miss Jiu, we don’t know anything about what might be waiting inside. Are you really determined to go in?”

“Yes. If the thing inside is really related to the Eye of the Earth, it must not fall into the wrong hands. We must get to it first,” Yun Chujiu said firmly.
