

The Yun Family's Ninth Child is an Imp! Chapter 725

After a while, Liu Qian and the others woke up. When they saw Yun Chujiu standing at the side, they looked confused. They were naturally grateful, but these people were greedy. When they thought of the map in Yun Chujiu's hands, they became restless.

Liu Qian's expression changed a few times. 'A great man has to be ruthless. Although you saved me, I must get that map for the sake of our Goshawk Sect.'

"Thank you for saving my life, Young hero Shi. Please follow me to our Goshawk Sect for a few days and let us host you well." Liu Qian saw Yun Chujiu's high spiritual power in the illusion and felt that these people in front of him might not have a chance of winning. Therefore, he decided to think of a way to kill Yun Chujiu after he returned to the Goshawk Sect to obtain the map.

The merman erased some of their previous memories, so these people still thought that Yun Chujiu was a young boy.

Yun Chujiu pretended to decline the invite a couple times. After a few rounds of humility, she smiled and said, "Alright, it just so happens that I'm almost done with the trial. Since Sect leader Liu is so kind, I'll go and disturb you for a few days."

An Feng was a little confused now. He had a feeling that the Yun Chujiu he saw in the underground was not quite the same as what he remembered, but he had clearly seen it with his own eyes. What exactly was going on?

Fortunately, Yun Chujiu found an opportunity to tell An Feng about what had happened. An Feng finally understood.

"Young Master, what are your plans next?"

Yun Chujiu smiled slyly, "Of course, it's to lure the snake out of its hole! I want to see who is the one who has the Red spider lily Jade Token!"

An Feng knew that it was useless to persuade her, so he could only act according to the situation.

However, the other thing he was thinking about was the naked handsome fish? Miss Jiu called him Brother Merman? He was also very handsome... 'Should I tell the Honorable Sir or not?'

Yun Chujiu did not know that An Feng was going to secretly report her. She was thinking, 'Since Brother Merman has already established my awesome image, I might as well deepen their impression of me.' So she released the two Earth-shattering Ice Bears.

Liu Qian and the others were shocked. How could two Tier Eight Earth-shattering Ice Bears appear out of nowhere?

"Let me introduce them to you. These are the means of transportation for me and the Little Madman. Although their levels aren't very high, they're still very useful in the Chimeric Icefield," Yun Chujiu said with a smile.

Liu Ren saw that the two Earth-shattering Ice Bears were acting coquettishly like puppies beside Yun Chujiu. He was so shocked that his eyeballs almost fell out.

"Young hero Shi, are these your new spiritual pets?" Liu Qian felt lucky that he did not make a move just now. Otherwise, he might not have been able to defeat Yun Chujiu. It was better to return to the Goshawk Sect and plan things out.

Yun Chujiu blinked her eyes and said, "Yes, I'm keeping them for fun. It's also really cool when you take them out! If you like them, you can go and catch two of them. It's very easy."

Liu Qian and the others were dumbfounded!

'Are you kidding us?'

'Simple? Simple my *ss!'

Not only were ice bears hard to catch, they were also violent. Some would rather die than be contracted by a human, let alone two of them at once!

Yun Chujiu and An Feng sat on the back of the bear happily. The two Earth-shattering Ice Bears trode forward happily while Liu Qian and the others chased after them bitterly.

When they reached the edge of the ice lake, Liu Qian and the others finally reacted. There were Scarlet Poison Frogs in the ice lake, so Liu Qian said, "Young hero Shi, let's take a detour. It's said that there are high-level demonic beasts in this lake."

Yun Chujiu said with a smile, "If you guys are willing to take a detour, then let's do so. Anyway, I'm going through here! Big Bear, Bear Two, swim over!"
