

The Yun Family's Ninth Child is an Imp! Chapter 749

Yun Chujiu's previous lightning strikes were chaotic. Some struck the head, some struck the back, and some struck the tail. All of a sudden, she struck all of her lightning at the Swamp Crocodile's eyes.

Yun Chujiu had long known that its weakness was its eyes. Previously, she had deliberately struck randomly to confuse them and provoke them to climb onto the grass. This way, she could prevent them from sneaking into the swamp to escape.

The Swamp Crocodiles did not expect that Yun Chujiu would suddenly attack their eyes. Their movements were not that fast and they were in a state of frenzy. After being hit by Yun Chujiu, the two Swamp Crocodiles roared in pain and rolled on the grass.

Yun Chujiu aimed at their weak abdomen and shot out several lightning bolts. After rolling for a while, the two Swamp Crocodiles finally fell to the ground and stopped moving.

Yun Chujiu kept the corpses of the two Swamp Crocodiles and continued hopping forward. It was impossible to tell that they had just experienced a fierce battle.

As Yun Chujiu and the others were behind the team, no one except Di Beiming and Xue Wuji saw this scene. Otherwise, they would definitely be shocked. Yun Chujiu was clearly a fifth level spirit cultivator. How could she kill two Tier Nine Swamp Crocodiles by herself?

Xue Wuji's mouth was wide open as he muttered to himself, "This... How is this possible? Why is Little Sister Jiu so fierce? She killed two Swamp Crocodiles by herself?"

Di Beiming could not be bothered with him. He continued to walk forward to protect Yun Chujiu's safety at all times.

Along the way, Yun Chujiu kept walking and stopping. If she was on the grass, she would fight with the Swamp Crocodiles. If she was in the midst of walking, she would try to use her spiritual energy barrier to

prevent the Swamp Crocodiles from biting her.

Just when Yun Chujiu thought that the swamp was nothing, the mud in front of her started to churn violently. A huge Swamp Mud Dragon shot out a few poisonous arrows at Yun Chujiu.

Although Yun Chujiu dodged the poisonous arrows, the mud splashed around by the dragon sprayed all over her face. Xue Wuji cried out in fear, "Little Sister Jiu!"

Di Beiming also frowned, but when he thought of Yun Chujiu's special physique, he was not so worried.

"F*ck! F*ck you! You even messed up my hair! You stinky bug! I'll strike you to death!" Yun Chujiu landed on a piece of grass nearby and struck out several thunderbolts at the Swamp Mud Dragon.

Although it was surprised to see Yun Chujiu being able to use the purple heavenly lightning, it was a Tier 12 demonic beast and did not bother with Yun Chujiu. 'Let alone a mere level five spiritual master, even a sixth level spirit emperor cultivator isn't my match in this swamp. I am the king of this swamp.'

The Swamp Mud Dragon looked at Yun Chujiu with disdain and shot a few more poisonous arrows at her. Yun Chujiu dodged while taking out the rolling pin to hit the poisonous arrows.

Yun Chujiu waved the rolling pin in her right hand to hit the poisonous arrows that were coming at her, while her left hand struck the lightning toward the Swamp Mud Dragon's eyes.

This time, Yun Chujiu did not use the same tactic as before. The Swamp Mud Dragon was too powerful and she had to finish it quickly.

The Swamp Mud Dragon did not expect that a weak little girl would be so difficult to deal with. However, she was no match for this dragon. It just took some time.

Not only was the Swamp Mud Dragon's spiritual power much higher than Yun Chujiu's, but it also had the geographical advantage. After 15 minutes, it had the upper hand. Yun Chujiu could not hold on any longer.

Now was not the time to show off. Yun Chujiu shouted to Di Beiming behind her, "Prince Charming, if you don't help, your wife will die!"
