

The Yun Family's Ninth Child is an Imp! Chapter 75

Only when the shadow of the air-transportation spiritual tool was gone did Yun Chujiu hop into Ye City.

It was evening, and the sun was setting. The streets were covered in a layer of gold.

“Little Black, do you smell happiness? Being able to live is happiness!” Yun Chujiu looked at the scenery in front of her and couldn’t help but sigh.

“Hmph! I only want to eat now, I’m going to starve to death! My reserve grain was thrown away by you!” The little black bird stood on Yun Chujiu’s shoulder, hugging its little wings and humming unhappily.

“Aiya, now that you mention it, I’m hungry too! Let’s go! Master, I’ll bring you home to eat and drink! My cheap grandfather might be worried to death!” Yun Chujiu said and jumped out.

The pitiful little black bird was still trying to act cool, but it did not expect Yun Chujiu to suddenly accelerate and fall to the ground.

When Yun Chujiu heard the sound, she turned around and almost laughed out loud. “Hahaha! You said that you have wings, but you actually fell to the ground! You are too stupid! What a stupid bird!”

The little black bird felt that its bird life was hopeless!

Can I return the goods?!

I don’t want this black-hearted joker to be my master!

I want to change owners!

Why am I so miserable?!

When Yun Chujiu saw the little black bird staring at the green bean with resentment, she felt a little guilty. "Get up! The food in the big kitchen is very fragrant! The braised pork is soft and fragrant, the steamed fish is very fragrant, and the fried balls are crispy and sharp..."

Before Yun Chujiu finished her words, the little black bird flew to Yun Chujiu's shoulder. "My dear master, let's go home quickly! It won't be good to make Grandfather wait!"

Yun Chujiu...

The man and bird had just hopped to the entrance of Yun Mansion when the guards at the entrance ran in to deliver the letter.

Soon, Yun Xiaotian came out with a group of people.

"Little Jiu!" Yun Xiaotian's eyes reddened. This half a day had been a torture for him. He was afraid that his granddaughter and son and daughter-in-law would end up in the same state. Although Little Jiu had a master, the Drifting Cloud Sect was not to be trifled with. Entering the Drifting Cloud Sect was like a sheep entering a tiger's den!

"Grandfather! Little Jiu is unfilial and made you worry!" Yun Chujiu saw Yun Xiaotian like this and her nose turned sour, and her eyes turned red.

"It's good that you're back! It's good that you're back!" Yun Xiaotian saw that although Yun Chujiu looked a little disheveled, she was in good spirits, so he was slightly relieved.

“Big Brother! Wait! This Yun Chujiu is the root of all trouble. How can the Drifting Cloud Sect be easy to provoke?! If we don’t remove her from the Yun family, it will implicate the entire Yun family!”

The one who spoke was the Second Elder of the Yun family, who was also Yun Chuer and Yun Chushan’s grandfather, Yun Xiaobo. His pair of triangular eyes stared gloomily at Yun Chujiu.

“That’s right, Patriarch. This Yun Chujiu only knows how to stir up trouble. Although we don’t get along with the Bai family, it didn’t turn out like this. If we weren’t lucky, Chushan and the rest would have all been killed today! Only by kicking this scourge out can the Drifting Cloud Sect calm down!” Yun Chuer and Yun Chushan’s father, Yun Changsheng, chimed in.

“Master, that’s not what happened! It wasn’t Little Jiu who caused trouble. It was the Bai family who started it. If Little Jiu wasn’t vigilant, we wouldn’t have been able to come back safely!” Yun Chuyi quickly stood up to explain.

“Yes, Big Brother is right. Little Jiu was willing to sacrifice himself to save our lives! How can you blame Little Jiu?” Yun Chuhao also came out to prove it.

“Yeah! It’s not Little Jiu’s fault!”

“We should thank Little Jiu instead!”

...

Apart from Yun Chushan, the younger generation of the Yun family all proved that Yun Chujiu was innocent. Yun Xiaobo narrowed his triangular eyes slightly and snorted coldly. “What do you juniors know?! Since Elder Su has his eyes on Yun Chujiu, how can he let it go? If we don’t take the initiative to express our sincerity, the entire Yun family will be finished!”
