

The Yun Family's Ninth Child is an Imp! Chapter 751

Yun Chujiu raised her head and saw that there were indeed many people gathered in the distance. They should be cultivators who arrived earlier.

Everyone quickened their steps. Yun Chujiu finally saw the so-called ancient sword tomb.

A huge barrier appeared in front of everyone. Ancient runes flickered on it, and a prehistoric aura rushed toward them.

Yun Chujiu was a little confused. It seemed like no one had entered yet. Could it be that this thing had not been opened yet?

“Senior Brother Feng Ming, why isn’t anyone going in? Could it be that it’s not time yet?” Yun Chujiu asked Feng Ming, who was standing in front.

“That’s right! Every time the ancient sword tomb appears, it will only officially open a month or so after it appears. Looking at the time, it should only be one or two more days,” Feng Ming explained.

Yun Chujiu finally understood why the people of the Spirit Radiance Sect were rushing on their way like their butts were on fire. It turned out that they wanted to arrive before the ancient sword tomb officially opened.

Yun Chujiu looked around. Other than the people from the four great sects, there were also many cultivators from other forces. Yun Chujiu felt a cold gaze staring at her. When she turned around, she saw Su Yanran staring at her coldly. Su Yanran saw Yun Chujiu looking at her and sneered at Yun Chujiu.

Yun Chujiu realized that she could not see through Su Yanran’s cultivation level and was shocked. She asked Di Beiming beside her, “Prince Charming, what level is Su Yanran’s cultivation on now?”

“Second level of the Spirit Emperor realm. How did her cultivation progress so quickly?” Di Beiming asked with some doubt.

Yun Chujiu suddenly felt a sense of urgency. She was originally feeling proud and felt that her cultivation speed was very fast. She did not expect that there was someone better than her. Su Yanran’s cultivation speed was even faster than hers! Could it be that she also had a heavenly root spirit or that she had encountered some kind of opportunity?

A thought flashed through Yun Chujiu’s mind. Unfortunately, before she could grasp it, it flashed through her mind. When she thought about it again, she could not recall anything.

“The ancient sword tomb is open! The ancient sword tomb is open! Everyone hurry, let’s go in! If you go in too late, you won’t be able to get the good stuff!”

This voice was like a bucket of cold water being poured into a hot pot of oil. Everyone was instantly in an uproar.

Di Beiming grabbed Yun Chujiu’s hand. “Little Jiu, follow me to avoid any accidents.”

Yun Chujiu’s little hand was held by Di Beiming. This fellow’s heart was filled with sweetness. “Prince Charming, don’t worry. If you don’t leave, I won’t abandon you.”

Xue Wuji’s teeth were about to fall out. He originally thought that he had a chance, but now that he saw that, his heart instantly turned cold. Little Sister Jiu seemed to really like Di Beiming. Did he still have a chance?

Yun Chujiu and the others were not in a hurry. After everyone had entered, they walked in calmly.

After entering the enchantment, Yun Chujiu was shocked by the scene in front of her.

Yun Chujiu finally understood why this place was called the ancient sword tomb. The ground was filled with the remains of ancient spirit weapons. Some people were so greedy that they did not even let go of the remains. As soon as they took it in their hands, they did not expect that the remains would turn into ashes and disappear into nothingness.

“Only the spirit weapons that produce the weapon spirit will always exist. These remains have no weapon spirit. Once touched by people, they will turn into ashes.” Feng Ming happened to be nearby and saw that Yun Chujiu was a little confused, so he explained to her.

“Senior Brother Feng Ming, how do we find a spirit tool that has a weapon spirit?” Yun Chujiu asked curiously.
