

The Yun Family's Ninth Child is an Imp! Chapter 757

"Cut the crap and get lost! Otherwise, don't blame me for being impolite!" After the middle-aged man was stunned for a moment, he roared fiercely.

"Uncle, your voice is simply too sonorous and powerful! No wonder you can become a great general. One look and I can tell that you are a person of great ability." Yun Chujiu was still smiling, showing no signs of fear.

Although the middle-aged man felt that this little girl in front of him was a little strange, he felt a strange sense of satisfaction in his heart.

Back then, he was also a mighty general. He had heard countless flattering words like this, but ever since he became this remnant soul, he had never heard it again. He did not expect to hear such flattering words again. Moreover, she said it so sincerely. This little girl was more pleasing to the eye than the other trash that passed by.

"When you were a general, you had a lot of people under you, right?" Yun Chujiu saw that the expression of the burly man had eased up, so she had some confidence in her heart.

"Hmph! That's natural. Back then, I had thousands of soldiers under my command!" The burly man recalled the glory of the past, and his face showed a proud expression.

"Oh my God, you actually have so many people under your command? I knew it! Just one look at your imposing manner and I knew that you're different from the rest. You are indeed a peerless hero. I really admire you!" Yun Chujiu's face revealed a look of admiration at the right time.

"Humph! What's the big deal?! I just find it troublesome. Otherwise, not to mention thousands of people, even tens of thousands of people would not be a problem!"

"You're really amazing! Did you lead your men to win many battles?"

“Of course. When I led my men back then...”

Di Beiming and Xue Wuji looked at each other with a rare tacit understanding. Then, the corner of their eyes twitched. The people around them were fighting with the remnant souls that were blocking their way. Only Yun Chujiu was engaged in a lively conversation. No matter how they looked at it, it seemed strange.

An Feng stood at the back and lit a candle for the burly man. If Miss Jiu praised someone with all her might, it was likely that she was going to trick them. This burly man looked like he had courage but no brains. He was just waiting to be tricked! Not only did Miss Jiu trick people, she could also trick beasts and weapon spirits. Now, she did not even let go of the remnant souls. ‘Miss Jiu, I only have one word for you. RESPECT!’

The burly man told Yun Chujiu about his heroic deeds. Yun Chujiu nodded repeatedly when she heard it. “Your life is truly magnificent. It’s truly admirable!”

Ever since the burly man became a remnant soul, he had not said so much. He felt as if he had become the high-spirited general again, and not a remnant soul that was struggling on its last breath.

The burly man let out a long sigh. “What’s the use of saying that?! No matter how powerful I am, I still became a remnant soul! I can’t even reincarnate. I can only live in this cage until my soul disintegrates.”

“Why can’t you reincarnate?” Yun Chujiu asked curiously.

The burly man smiled bitterly. “We remnant souls are sinners that aren’t tolerated by the Heavens. We will still struggle to survive in this place. Once we leave this place, we will immediately be struck by heavenly lightning and our souls will disintegrate.”

“Uncle, what did you do to offend the Heavens?” Yun Chujiu asked curiously.

The burly man was about to tell her the whole story when he suddenly hugged his head and rolled on the ground. Yun Chujiu was shocked. 'Damn, did this uncle do something wrong?'

The burly man's figure became fainter and fainter until he disappeared!
