

## The Yun Family's Ninth Child is an Imp! Chapter 761

Di Beiming was speechless as he looked at Yun Chujiu who danced from excitement, he sighed, "Little Jiu, it's hard to say whether the Great Soul Replenishing Void Formation or the bodies of these ancient cultivators still exist, let alone whether you can obtain them. Your thoughts are too simple."

"Prince Charming, one must have dreams. What if it comes true? Besides, I don't have anything to do with it. Tian Dao already doesn't like me anyway." Yun Chujiu had always been confident in herself.

"Besides, if these remnant souls agree to go out with me, would they have the face to leave empty-handed? They would definitely let us go in to search for some spirit tools. When that time comes... Hehe, won't we be rich?!" Yun Chujiu said slyly.

Di Beiming thought, 'These last few words just exposed your true intentions?! This greedy little thing!'

"Oh right, Prince Charming, what are you and brother Wuji doing here? Don't say that you're looking for spiritual weapons, I won't believe it!" Yun Chujiu asked curiously.

"Yeah, we're just here to try our luck and see if there's a divine weapon nearby. We heard a divine weapon was appearing in the ancient sword tomb, but the person who came in didn't manage to get it."

"Divine weapon? What divine weapon?" Yun Chujiu's eyes lit up when she heard that there was a divine weapon.

"The Divine God Axe! Several thousand years ago, someone had seen the Divine God Axe in the ancient sword tomb. No one was able to capture it despite everyone's combined efforts. After that, the Divine God Axe mysteriously disappeared. Although the ancient sword tomb was opened a few more times, no one had ever seen it appear again

Yun Chujiu's eyes lit up even more when she realized that it was the same Divine God Axe mentioned by the chained merman. Other than using a key to open it, only the Divine God Axe might be able to cut through the Darksteel chains. It would be great if they could find it.

Di Beiming knew what Yun Chujiu was planning when he saw her had eyes darted around, he could not help but laugh. "Little Jiu, I advise you not to have too much hope. No one has found the Divine God Axe in thousands of years. Perhaps the Divine God Axe has already been taken away or self-destructed."

Yun Chujiu pouted. "Prince Charming, can you not always pour cold water on me?! What if the Divine God Axe thinks I'm smart and shamelessly wants to acknowledge me as its master?!"

The corner of Di Beiming's eyes twitched. Why did he feel that the Black Thing was not talking about a divine weapon, but more like a fake version of the weapon?

"Prince Charming, did you just say that perhaps the Divine God Axe has already self-destructed? A divine weapon can self-destruct? Just like how humans self-destruct?" Yun Chujiu asked curiously.

Di Beiming nodded. "Normal spiritual weapons naturally do not have this kind of supernatural power. However, if the weapon spirits of divine weapons feel that the dignity of a divine weapon has been trampled on, they would rather die than continue their existence. However, their self-destruction is not as tragic as that of humans. Their version of self-destruction is to just fall into hibernation."

"Hibernation? Back then, the rolling pin also fell into something similar. What does a divine artifact's hibernation look like? Did It also hide underground?"

"The rolling pin was different. It went into dormancy. When a divine artifact falls into hibernation, not only will the artifact spirit completely fall into hibernation, even the divine artifact will appear as a dull mortal artifact. No one will be able to tell that it is a divine artifact," Di Beiming explained patiently to Yun Chujiu.

“Ah! It’s hiding in the city! This divine weapon is really smart. That way, even if the Divine God Axe is right in front of us, no one will be able to recognize it.” Yun Chujiu giggled.
