

The Yun Family's Ninth Child is an Imp! Chapter 764

The other three lords were also very surprised when they saw what had happened. This young man's spiritual power was superb. It was rare to see one so powerful at that age.

Di Beiming snorted coldly. The ice dragon turned into nothingness and disappeared. Although Lu Ji's remnant soul still had some spiritual power left, it was all just bravado on the surface. She could not hold on for long.

Yun Chujiu immediately straightened her back when she saw that Di Beiming was so powerful.

'Damn, those people outside were tormented by the remnant souls so I thought that these remnant souls were very powerful. I did not expect that they were not a match for the gigolo!'

She did not even think that Di Beiming's spiritual power was just that much higher than those people's. Although his spiritual power was suppressed in the Azure Mystic continent, it still outstripped the others.

When the lord of the south, Fu Ao, saw that the atmosphere was tense, he quickly tried to smooth things over. "Lu Ji is a lively girl. She was just joking. Please don't mind her. Let's talk about business. Little Girl, may I borrow that ancient green jade porcelain bottle?"

Yun Chujiu took out a porcelain bottle and threw it to Fu Ao. She said faintly, "Even if you're joking, you have to look at who you're joking with. My man's temper has always been bad. If it wasn't for uncle Zhu Hao, this old woman would have long been finished."

Lu Ji couldn't stand Yun Chujiu's words. She immediately conjured her white dragon and directed it at Yun Chujiu. Yun Chujiu dodged and a purple lightning bolt suddenly struck Lu Ji.

'Damn it! You attacked first! I was just about to teach you a lesson for trying to snatch my man. I'll beat you to death, you little b*tch!'

Souls were very afraid of heavenly lightning. Lu Ji saw that Yun Chujiu indeed had a Heavenly Thunder Root Spirit, and she was a little wary of her. However, at this moment, she had no choice but to follow through since she had fired the first shot.

She thought that although this little girl had the Heavenly Thunder Spirit Root, she was only at the fifth layer of the spirit cultivator realm, so she should be no challenge at all. She just happened to vent her anger on her.

At the beginning, Lu Ji had the upper hand. Even her remaining spiritual power was a lot higher than Yun Chujiu's. As the fight wore on, Lu Ji became dumbfounded!

'Why was this little girl's spiritual power increasing? How could this be the fifth layer of the spirit cultivator realm?! Right now, her spiritual power was at the first level of the spiritual emperor realm! Furthermore, why did she not even need to form seals to summon the heavenly lightning repeatedly?! Even the real heavenly lightning would need to be fired in intervals, alright?! This was a monster in a small frame!'

Yun Chujiu did not care about what she was thinking. The more she fought, the braver she became. She kept waving her hands, and the purple heavenly lightning struck Lu Ji continuously.

As time passed, Lu Ji's spiritual power was drained to the point that even her body began to fade. Lu Ji had no choice but to give in. "Little girl, I'm joking with you. Let's talk business!"

Yun Chujiu snorted. "Hmph! If you want me to stop, that's fine. Change those shameless clothes, or I'll kill you."

Lu Ji gritted her teeth. However, seeing that the other three lords had no intention of helping her, she could only admit defeat and slowly disappear. When she reappeared, she had changed into a new set of clothes. Although the clothes were very conservative, her eyes and temperament were still very coquettish.

Fu Ao came over again to smooth things over. "Alright, Alright. It's all a misunderstanding. Let's get down to business! Little girl, I heard from Zhu Hao that you're not afraid of being struck by lightning?"

"I can't say that I'm not afraid but in any case, it's not a problem for me to be struck by lightning repeatedly for six hours!" Yun Chujiu seemed modest, but in reality, she felt proud.
