

The Yun Family's Ninth Child is an Imp! Chapter 773

When everyone saw the end of the sticky silk, they all sucked in a breath of cold air. The originally tied up Eupatorium Poison Bee was gone, and a large part of the sticky silk at the end was charred!

Although they didn't know what kind of demonic beast the sticky silk came from, it was extremely tough. There was either a strange flame or a sea of fire at the bottom. Otherwise, it was impossible for so much of the sticky silk to be burnt in such a short time.

No wonder none of the cultivators survived after falling. They were actually burned to death.

Everyone immediately felt their hairs stand on end. They grew vigilant, afraid that cracks would suddenly appear under their feet.

"We can't go on like this! The cracks are getting larger and appearing everywhere. I'm afraid that we will all end up burnt to death if we fall!"

"Yeah! Why don't we make a last-ditch effort and find a place to attack with our combined spiritual power!"

...

Di Beiming and Xue Wuji were also at their wit's end. The talisman could not be used here, so there was no way to inform their subordinates in the Tianyuan continent. Even if they could, they would not be able to wait until the day they broke through the enchantment.

An Feng felt that it would be useless. In the end, it would be up to Miss Jiu to figure something out. After all, An Feng had completely become a fan of Yun Chujiu's ingenuity. He went up to the silent Yun Chujiu and asked, "Miss Jiu, have you thought of a good idea?"

Yun Chujiu shook her head and then nodded. She then said in a low voice, "I have something for the time being, but I'm not sure if it will succeed."

"Miss Jiu, tell me about it. I'll give you some advice."

"I'm going to think of a way to completely enrage the wild heavenly lightning. It's best to let them strike me with all their might."

An Feng was stunned. "Miss Jiu, why are you doing this?"

"Whether it's an ancient formation or a current formation, there must be Spirit Stones stored somewhere being used to supply spirit energy. The wild heavenly lightning must have consumed a lot of it. Otherwise, the wild heavenly lightning wouldn't have stopped after striking me for a while.

"I have to think of a way to let them ignore that and continue trying to strike me down. I have to exhaust the spirit energy supply. This way, the formation will naturally stop functioning and we will be able to get out."

"Miss Jiu, this method will definitely work! Why don't you ask His Excellency?" An Feng's admiration for Yun Chujiu was like a torrential river.

How was Miss Jiu so smart?! She was inhuman! Only Miss Jiu could think of such a method! No other person could think of it!

What was this called again? Ah, yes, it was called thinking out of the box! Since I can't find the core of the formation, then I will make your formation unable to operate. It's simply amazing!

Yun Chujiu whispered her thoughts to Di Beiming. Di Beiming's eyes lit up as he praised her, "Little Jiu, you are too smart."

Yun Chujiu straightened her back after being praised by Di Beiming, her face was flushed red. “Prince Charming, I am very smart. In the future, I will make you look at me in a new light. I am not bragging, don’t mention the Azure Mystic continent, even the Tianyuan continent combined is not as smart as me.”

Di Beiming...

Could he take back what he said just now? She was just showing off now after some praise was given to her!

Yun Chujiu gathered everyone and told them of her plan in a low voice, “Everyone, don’t make a fuss. Otherwise, the wild heavenly lightning won’t fall into our trap. Do you understand?”

Everyone was overjoyed. They felt that Yun Chujiu’s plan was feasible. Even if they could not make the wild heavenly lightning exhaust all their spiritual power, it would still drain a lot of it. When that time came, they would attack the barrier again, and it was very likely that they would break through this time. This Yun Chujiu was too smart!
