

## The Yun Family's Ninth Child is an Imp! Chapter 781

The big kitchen knife continued to leap forward as if it did not hear Yun Chujiu. Yun Chujiu did not dare to jump as she was afraid that the ground would crack, so she chased after the big kitchen knife step by step.

Yun Chujiu was also a little annoyed. She thought that it would be nice to run after the big kitchen knife, so she did not use the sticky silk net to catch it.

The girl and the knife continued to chase each other. The big kitchen knife kept a certain distance from Yun Chujiu. Yun Chujiu felt that the big kitchen knife did not seem to be running, but rather, it seemed to be pointing the way.

Yun Chujiu's eyes lit up. 'I don't have any good ideas on what to do anyway. I'll try keeping up.' She wanted to see where the big kitchen knife would take her.

They ran for five days and five nights, all the way to the end of the ancient sword tomb.

"Little Vegetable Knife, where are you going this time? Is it the end?!" Yun Chujiu said with her hands on her waist.

The big kitchen knife ignored Yun Chujiu and kept cutting a spot on the ground with its blade.

Yun Chujiu's eyes lit up. "Little Vegetable Knife, are there good things in there? Get out of the way, I'll dig!"

Yun Chujiu took out her pickaxe and started digging. She was wishful in her heart. Perhaps the core of the formation was under there, and if she could dig to the core of the formation, she would be able to get out.

Unfortunately, Yun Chujiu dug around and only found a book made of the skin of a Poison-antlered Antelope.

Yun Chujiu opened it and looked at it. She was so angry that her nose almost went crooked. There was not a single word on it. Was it a wordless heavenly book?!

Yun Chujiu blinked her eyes. She remembered that she had heard that some books needed to be sprinkled with special concoction to make the words appear. She had no choice but to put the book away. Since it was made from the skin of a Poison-antlered Antelope, it was a useful thing after all. There was no need to waste it.

The big kitchen knife quieted down. No matter how Yun Chujiu teased it, there was no other reaction. It was as if everything that happened just now was an illusion.

Yun Chujiu adjusted her state of mind very quickly. No matter how bad her life was, she still had to live a good life. Thus, she lit the bonfire again and started to roast the rabbit meat.

The rabbit meat was roasted until it was crackling and oozing oil. The fragrance soon spread. Yun Chujiu mumbled while eating the roasted meat, "Sigh, I can't be too cocky. If I hadn't been cocky then, wouldn't I have just rushed out?! How can this happen?!"

"Sigh! Although I've collected so many remnant souls, it's useless! They can't help me attack the enchantment at all."

"It's not useless. At least they helped me pick up countless spirits and immortal artifacts..."

Yun Chujiu's words suddenly stopped. Wait, countless spirits and immortal artifacts? She suddenly got an idea!

Yun Chujiu stopped eating the roasted meat and quickly let Fu Ao and the other three out. "I have an idea. I'll tell you what it is, and you guys can advise me on it."

Fu Ao and the other three nodded and gestured for Yun Chujiu to speak quickly.

"I've decided to get all the offensive spirit tools and immortal tools to acknowledge me as their master. I'll command these spirit tools and immortal tools to attack the same place. I don't believe that I can't even create a crack.

"What do you guys think of my idea? I'll let this ancient sword tomb throw stones at my own feet. Didn't it trap these spirit tools? I want these spirit tools to break this cage with their own hands," Yun Chujiu said proudly.

Fu Ao and the others were stunned at first, then, Fu Ao said, "Little girl, although your idea is good, first of all, these immortal tools and spirit tools may not recognize you as their master. Second, you must have a strong spiritual sense to command these spirit tools. No matter how strong a person's spiritual sense is, it is impossible to command so many spirit tools at the same time. Last but not least, the most crucial thing is that the attack barrier must be continuously attacked. Is your spiritual power enough to support these spirit tools to continuously attack the barrier?"
