

The Yun Family's Ninth Child is an Imp! Chapter 795

The next day, Yun Chujiu said to the Giant Tsunami Turtle with a smile, "Master Godly Turtle, I need your cooperation for my secret weapon to work. I need to borrow your back. You must maintain your balance and not let me fall into the sea."

The Giant Tsunami Turtle curled its lips in disdain. She spoke as if she were telling the truth. I want to see what her so-called secret weapon was.

Yun Chujiu poured all the spirit tools and immortal tools onto the turtle's back. The Giant Tsunami Turtle twisted its neck in disdain and thought to itself, 'Could this little girl be a blacksmith? Where did she get so much scrap metal from?'

The Giant Tsunami Turtle did not even think about the clutter being spirit tools. If even a large sect did not have so many spirit tools, how could a little girl have any?

After Yun Chujiu finished instructing the Giant Tsunami Turtle, she sat down cross-legged. She had learned from the previous lesson and decided to command the spirit tools to attack while refining the Thunder Root's spiritual power, in case some could not be supplied at the last moment.

After everything was ready, Yun Chujiu waved her small claws.. "Group one, go!"

As Yun Chujiu spoke, more than a hundred spirit tools and immortal tools attacked the barrier in front of them. The scene turned into utter chaos as the attack began.

Although the spiritual and immortal items were indignant, Yun Chujiu had threatened them last night. If they did not do their best to help her this time, she would throw them all to the bottom of the sea and even use purple lightning to scare them. The spiritual items were on the verge of collapse so they had to comply!

Wuuu, this little girl was a little devil with no horns on her head. She was too terrifying!

At that moment, the Giant Tsunami Turtle was dumbfounded!

Holy sh*t! What was going on?!

The clutter on its back was not scrap metal. They were actually spirit tools? And immortal tools???

Damn, its old heart couldn't take it anymore! There were thousands of them on its back. Were they all spirit tools and immortal tools?!

Yun Chujiu waved her little hands again. "Group one, retreat. Group two, Attack!"

As the new batch of spirit tools began to attack, the first batch of spirit tools flew back onto the turtle's back.

The Giant Tsunami Turtle was certain then. F*ck, those things on its back were all spirit tools and immortal tools! F*ck! It was too scary!

Just what kind of power did this little girl have?! How could she have so many spirit tools and immortal tools?!

Wait a minute! First of all, where did she get so many spiritual and immortal artifacts in the first place?? Did she make these immortal artifacts and spiritual artifacts acknowledge her as their master?!

Oh my god! Could it be that Azure Mystic Continent has changed so much in ten years? Have humans become so awesome? Have Immortal artifacts become worthless now? Do immortal artifacts not even need moral integrity anymore? So many of them acknowledged this little girl as their master?

Wait! That's not right! Even if the little girl could get so many spirit and immortal artifacts, even if these spirit and immortal artifacts did not have moral integrity, how could the little girl have such a powerful spiritual sense? How could she command hundreds of spirit artifacts to attack at the same time?! How was this possible?!

Wait! Also, how could she have so much lightning spiritual energy? It seemed to be inexhaustible. This didn't make sense!

The Giant Tsunami Turtle felt that it was most likely not awake. It must be dreaming! It rubbed its eyes with its claws and secretly bit its own claws. Hiss, so painful!

It was actually real!

Oh my god! Fortunately, it did not eat this little girl to relieve its boredom at that time. If it really wanted to eat her, its old life might be in danger!
