

The Yun Family's Ninth Child is an Imp! Chapter 799

Yun Chujiu saw that the cactus fruit was effective against these Azure Giant Pincer Crabs, so she swung to another tree and started to make poisonous coconut fruits, throwing them to the ground.

After eating the coconut with added ingredients, the crabs not only fought with their own kind on the ground, but also climbed up the tree and fought with the Azure Giant Pincer Crab on the tree.

After Yun Chujiu threw dozens of poisonous coconut fruits, almost half of the Azure Giant Pincer Crab bit the dust on the same spot.

Yun Chujiu rode on the tree branch and was very proud. There was no comparison between those with brains and those without brains! As long as she waited until dawn, these Azure Giant Pincer Crab, who were afraid of the scorching sun, would retreat back to the sea and she would be safe.

Yun Chujiu was obviously happy too early. These Azure Giant Pincer Crabs were much smarter than the desert scorpions back then. They soon discovered the reason for their companions' madness and stopped eating the poisonous coconut fruits that Yun Chujiu threw down. Instead, they climbed up the tree where Yun Chujiu was.

"Oh my, I didn't expect them to have a brain! Little Jiu Thunderbolt!" Although Yun Chujiu was very happy, she quickly swung to another tree.

A new round of escape began again. Yun Chujiu ran around the forest. The Azure Giant Pincer Crab that ate the poisonous coconut fruits were much stronger than the Tier Three scorpions. The poison quickly dissipated and they joined in the pursuit of Yun Chujiu.

In the end, they actually began to divide the work. A few of them were responsible for a tree and had climbed up the tree beforehand, leaving Yun Chujiu no place to rest.

Yun Chujiu could not help but curse in her heart. 'Damn it! These crabs are becoming more intelligent. What should I do? Run into the sea? The sky is so dark. There must be many demonic beasts in the sea. If I go into the sea, I'd be courting death.'

Yun Chujiu's eyes suddenly lit up. Aha! Although these Azure Giant Pincer Crab were smart, they were not as smart as humans. They thought that if she could not move, they would be able to eat her. However, they forgot that if they did that, she would be able to defeat them one by one. There were five to six Azure Giant Pincer Crabs on each tree, so it was a piece of cake for her to deal with them.

Yun Chujiu's spirit was shaken. She fired a few purple lightning bolts at the few Azure Giant Pincer Crabs that were climbing up her tree.

Although the shell of those Azure Giant Pincer Crab was strong, there was still a gap between them and Yun Chujiu's level. They were struck by Yun Chujiu's lightning bolts and rolled down.

Yun Chujiu released the Flaming Three Tailed Fox and Little Black. She commanded them to shoot fireballs at the Azure Giant Pincer Crabs on the ground. The crabs did not expect Yun Chujiu to have a backup plan so they were instantly burned to death.

Yun Chujiu struck several lightning bolts at the crabs on the other tree. After the Azure Giant Pincer Crabs fell to the ground, the Flaming Three Tailed Fox king and Little Black continued to burn them with fireballs.

The Azure Giant Pincer Crab did not expect that what they thought was a clever plan would put them in a passive position. They had no choice but to climb down from the tree and attack Yun Chujiu again.

Yun Chujiu saw that the Azure Giant Pincer Crabs had changed their strategy. She stopped fighting and continued to move around on the tree top. The crab thought proudly as it ran. 'This is a strategy that had been tested in practice: the enemy chased, I ran. The enemy attacks and then gets tired; I fight; the enemy retreats; I chase.' These stupid crabs still wanted to fight with her. In their dreams!

After a few rounds of struggle, the sun rose from the east. Although the Azure Giant Pincer Crabs hated it to death, they could only crawl back into the sea dejectedly.
