

## The Yun Family's Ninth Child is an Imp! Chapter 804

Yun Chujiu was not confident, but the Giant Tsunami Turtle did not think so. It thought that Yun Chujiu was amazing. Even if she could not beat the Bloodthirsty Sword Shark, she could still command spiritual and immortal items to attack the Bloodthirsty Sword Shark. Therefore, when it saw the two Bloodthirsty Sword Shark swimming over quickly, it dove into the sea, rushing toward one of the Bloodthirsty Sword Shark.

Yun Chujiu fell into the sea with a thud. Then, it saw the turtle rushing toward one of the Bloodthirsty Sword Sharks!

F\*ck!

What did it mean?

Was it really going to let her deal with a shark alone?!

'You Big Bastard, you're really ambitious!

'Alright, it's also because I was too pretentious! What should we do now?'

When the two Bloodthirsty Sword Shark saw the turtle rushing over, they completely ignored Yun Chujiu. In their eyes, this human little girl was just a weakling. They could not even be bothered with her..

Yun Chujiu rubbed her chin. Should she sneak away?

This was not right! Putting aside the matter of loyalty, without the Big Bastard, her journey would be even more dangerous. It was basically impossible for her to go ashore. She still had to help Big Bastard kill or chase away the two Bloodthirsty Sword Sharks.

Yun Chujiu shouted at one of the Bloodthirsty Sword Shark, "Hey! Two against one, what kind of fair fight is that? If you have the ability, spar with me!"

The shark was stunned at first, then it revealed a contemptuous expression. Was this human weakling tired of living?! It was more important to kill this Giant Tsunami Turtle first. After eating its inner core, the two of them might evolve.

Seeing that the sharks ignored her, Yun Chujiu continued to curse, "Hey! Ugly monster with a toad's mouth, don't tell me you don't dare to fight with me?!"

Toad's mouth? Ugly monster?

These two Bloodthirsty Sword Sharks were male and female. The one Yun Chujiu provoked was a female. Hearing Yun Chujiu say that it was a toad's mouth, she immediately became angry! She gave up on the Giant Tsunami Turtle and pounced on Yun Chujiu.

She thought that it would not take long before she swallowed this weak human girl. After that, she could help deal with the Giant Tsunami Turtle.

Seeing the shark rushing over, Yun Chujiu quickly swam to the side. The Bloodthirsty Sword Shark curled its lips disdainfully and sucked the water fiercely. Yun Chujiu felt her small body floating uncontrollably into the Bloodthirsty Sword Shark's mouth.

Yun Chujiu gritted her teeth and waved her hand, sending out several purple lightning bolts, hoping that they could hurt the Bloodthirsty Sword Shark and make it stop sucking the water.

Although the Bloodthirsty Sword Shark was a little surprised when it saw Yun Chujiu sending out several purple lightning bolts, it did not care too much. What if she had a Heavenly Thunder Root Spirit? Such weak lightning bolts would not cause any damage to it.

Therefore, the Bloodthirsty Sword Shark continued to swallow water and did not even try to dodge.

The purple lightning bolts changed their previous slow and leisurely nature and quickly rushed toward the Bloodthirsty Sword Shark's mouth.

The lightning bolts were very fast, and the Bloodthirsty Sword Shark was swallowing water violently. In less than ten breaths, the small purple lightning bolts had rushed into the mouth of the Bloodthirsty Sword Shark.

The small lightning bolts struck toward the upper jaw of the Bloodthirsty Sword Shark. The Bloodthirsty Sword Shark cried out in pain. Not only did it stop swallowing water, it immediately began to roll violently, and the water waves pushed Yun Chujiu over a thousand feet away.

Yun Chujiu originally wanted to just save the turtle, but she did not expect to accidentally hit the shark. The Bloodthirsty Sword Shark's body was strong, but the skin in its mouth was relatively weak. After being struck by a few small lightning bolts, it still felt an unbearable pain even though serious damage was not done.

The turtle saw the Bloodthirsty Sword Shark suffer while it was fighting at the side. It sighed in its heart. It said that this human girl was not simple. Look, the Bloodthirsty Sword Shark suffered a loss in just one exchange. This girl was really too awesome.
