

The Yun Family's Ninth Child is an Imp! Chapter 812

Yun Chujiu swept a glance at the people on the Yongxing Trading Company's ship. She counted almost twice as many people as the Fishbone Gang. There were ten people of the Spirit Emperor realm, and that Goatee had actually reached the fourth level of the Spirit Emperor Realm.

Yun Chujiu rolled her eyes. Taking advantage of the fact that no one was paying attention, she stealthily dived into the water. Everyone was fixated on the Yongxing Trading Company ship. No one noticed that she had sneaked away.

The members of the Fishbone Gang had not expected so many people aboard the Yongxing Trading Company ship. Ten commanders had accompanied the ship, and they were somewhat hesitant to attack.

Yu Hai also had the intention to retreat upon seeing what they were up against. He sneered and said, "Si Tuzhi, we are only passing by. Farewell!"

.

Upon saying that, Yu Hai waved his hand, indicating for the Fishbone Gang's ship to leave immediately.

"You're leaving? Just stay since you're already here! Everyone, this is no small matter. Not a single one should be spared. Kill them all!" Ordered Si Tuzhi. He was originally jealous of Yu Hai's talent, so he naturally would not let go of this opportunity to exterminate the Fishbone Gang.

Following Si Tuzhi's words, the people of Yongxing Trading Company jumped onto the Fishbone Gang's ship one after another and surrounded everyone on the deck.

Si Tuzhi laughed wildly, "Yu Hai, you're done for! Originally, our boss wanted to let you live a little longer, but who would have thought that today, you actually took the initiative to deliver yourself to our door."

“Si Tuzhi, let them go. I agree to join Yongxing Trading Company.” At that moment, Yu Hai regretted his decisions. He never expected that there would actually be so many people protecting the Yongxing Trading Company ship.

“Humph! You think too highly of yourself! It’s too late! None of you are leaving alive! Kill them all!”

After Si Tuzhi finished speaking, he took the lead and struck Yu Hai with his palm. After Yu Hai dodged, the two of them fought. The members of the Fishbone Gang naturally would not sit still and wait for their deaths. They drew their weapons and engaged in a chaotic battle with the people from the Yongxing Trading Company.

There was a huge difference in the number of people on both sides. Very quickly, the members of the Fishbone Gang fell into a disadvantageous position. Yu Hai’s body was also covered in wounds. Si Tuzhi laughed out loud, “From today onwards, the Fishbone Gang will be wiped out. All of you, die!”

Just as Si Tuzhi was feeling pleased with himself, a guard shouted in panic, “Commander! The ship! Our ship!”

Si Tuzhi raised his head and saw the huge ship of the Yongxing Trading Company quickly colliding with the Fishbone Gang’s ship. Although the Fishbone Gang’s ship was also very big, it was still much smaller than the Yongxing Trading Company’s ship. Under the violent collision, the Fishbone Gang’s ship began to shake violently. They could no longer stand up properly, much less continue fighting.

Si Tuzhi was furious. “Stop! Zhao Wu, are you f*cking crazy?!”

The Zhao Wu that Si Tuzhi scolded was the person driving the Yongxing Trading Company’s large ship. At this moment, Zhao Wu was in a difficult situation that prevented him from speaking. Yun Chujiu’s large kitchen knife was pressed against his neck. He did not dare to disobey!

It turned out that after Yun Chujiu dove into the water, she saw that most of the people from the Yongxing Trading Company had already boarded the Fishbone Gang's ship. She then quietly boarded the Yongxing Trading Company's ship. After she quickly took care of the few guards left behind, he found the cockpit and used her knife to force Zhao Wu to ram the ship into the Fishbone Gang's ship.

Before Si Tuzhi's voice faded, the Fishbone Gang's ship was knocked over, and the people on the deck fell into the water one after another.

Although the people of the Yongxing Trading Company had high spiritual power, their fighting strength in the water was greatly reduced. On the contrary, the people of the Fishbone Gang had spent most of their time in the sea, which made up for the disadvantage of having fewer people.

Si Tuzhi felt that he would lose the advantage with his current situation, so he had to get back on board the boat first. Thus, he gestured to the people of the Yongxing Trading Company to quickly get out of the water with him.
