

The Yun Family's Ninth Child is an Imp! Chapter 813

Yun Chujiu saw that the Fishbone Gang's ship had capsized, so she ordered Zhao Wu to quickly leave the ship. Zhao Wu did not dare to disobey, so he had no choice but to do as she said.

"What did you find at the bottom of the sea?" Yun Chujiu asked Zhao Wu as she observed the situation in the sea through the telescope.

"It's just a sheepskin scroll. Young hero, I'll tell you everything you want to know. Please don't kill me," Zhao Wu said in a trembling voice.

Yun Chujiu rolled her eyes and took out a pill from her storage ring. She stuffed it into the man's mouth. "This is my secret poison. Only I have the antidote. If you don't take the antidote within three days, your whole body will fester and die."

Zhao Wu repeatedly promised, "Young hero, I'll listen to you! What else do you want to know? I'll tell you everything!"

"Who has the sheepskin scroll? Is it with that goateed man?"

"Yes! That's our commander-in-chief. He kept the sheepskin scroll in his storage ring."

"How did you know that there was a sheepskin scroll here? How did you find it?"

"Young hero, I'm only a merchant ship driver. I don't know what happened exactly. It was only after we arrived here that the commander-in-chief took out a jade pendant. After forming a seal, we found out that there was a barrier here. We sent people to the bottom of the sea to search for it. Later on, someone found the sheepskin scroll there."

Yun Chujiu's heart skipped a beat. It seemed that if she wanted to know more, she had to grab hold of the goateed man.

Yun Chujiu suddenly raised her hand and knocked Zhao Wu unconscious on the ground. Then, she dived into the sea.

In the distance, people from the Yongxing Trading Company had already swam over. Si Tuzhi was swimming at the front. When he saw Yun Chujiu, he was stunned. When he thought of his own trading ship ramming the pirates, he immediately suspected that Yun Chujiu was a member of the Fishbone Gang. He raised his hand and shot out several wind blades.

The speed of the wind blades was much slower in the water than on land. Yun Chujiu easily dodged the wind blades. Then, she raised her hand and shot out a small bolt of purple lightning toward Si Tuzhi.

Si Tuzhi was stunned. What was this thing? Lightning? Why was it still purple?! Was it a Heavenly Lightning Spirit Root?! Wait, why was it so slow?!

Si Tuzhi did not take the small purple lightning seriously at all. He thought to himself, at such a slow speed, he would be able to dodge it once it got closer. Thus, he did not dodge immediately. Instead, he sent out a few more wind blades towards Yun Chujiu.

After Yun Chujiu dodged the blades, she sent out a few more purple lightning bolts. She saw that there were people from the Yongxing Trading Company swimming over in front of her, and she also sent out a few purple lightning bolts towards them.

Those people were the same as Si Tuzhi. They felt that although those purple lightning bolts were rare, their speed was so slow that they had no power at all. They curled their lips in disdain, and one after another, they shot wind blades and water arrows at Yun Chujiu.

Ever since Yun Chujiu fought the bloodthirsty sword shark, she felt that these wind blades and water arrows were like child's play, and she easily dodged them.

Si Tuzhi and the others were very surprised. This kid's spiritual power seemed to be only at the fifth level of the spirit cultivator realm. Why was he so agile in the water?

Just as Si Tuzhi was shocked, he suddenly noticed that the purple lightning suddenly sped up and rushed toward him.

Fear suddenly enveloped Si Tuzhi. Why did the lightning suddenly accelerate? He quickly dodged the bolt again. What happened next surprised him even more!

Those purple lightning bolts actually changed directions!

They rushed towards him again!

Si Tuzhi thought his eyes were playing tricks on him, how was this possible?! How could these lightning bolts change direction?! This doesn't make sense!
