

## The Yun Family's Ninth Child is an Imp! Chapter 815

Yun Chujiu took out a pill to stop the bleeding and fed it to Si Tuzhi. Then, she took out a chair from her storage ring and sat down with a swagger.

The members of the Fishbone Gang looked at Yun Chujiu with a dumbfounded expression. They never expected that it was this young man who saved them in the end.

Yu Hai cupped his fists at Yun Chujiu and said, "Young hero, I have failed to recognize the talent in our midst. I hope you will forgive me for offending you in the past."

Yun Chujiu waved her hand and said, "Those who don't know better will not be blamed. Moreover, you even saved me on the boat. Considering that, we are even now. I will leave these people to you. Their belongings will also be yours to take. However, I will handle Si Tuzhi."

Yu Hai hastily agreed. He was already very satisfied with being able to keep his life, but now, he was very happy his crew was given the additional loot.

Yun Chujiu got someone to wake Si Tuzhi up with a splash of seawater. Then, she crossed her legs and asked, "Do you want to hand over the sheepskin scroll yourself, or do you want me to search for it myself after I kill you?"

At that moment, Si Tuzhi had no way of asking for help, so he did not want to cause any trouble. He obediently handed over the sheepskin scroll in his storage ring.

Yun Chujiu opened it and took a look. This was a map. There was a cinnabar mark in one spot, but it did not indicate exactly where it was, she frowned. "What's the use of this map? How do you know how to break the enchantment? And who asked you to look for what was in this map?"

“Young hero, I’m just following my orders. The boss gave me a jade token and the method to form a seal, so I brought people here to find what was on the map. I don’t know anything else!” Si Tuzhi was very honest and spilled everything to avoid angering Yun Chujiu.

“Give me the jade token and show me the hand gesture to form the seal.”

Si Tuzhi demonstrated the hand gesture and then handed a jade token to Yun Chujiu.

After Yun Chujiu memorized the hand gesture for the seal, when she saw the jade token that Si Tuzhi handed over, she was shocked. On the back of this jade token, there was a pattern of the Red Spider Lily!

Another jade token depicting the Red Spider Lily?

Last time, I searched for the map in the Chimeric Plains. This time, it appeared in the endless sea while I was also searching for a map. Could this be related to the Eye of the Earth?

Fortunately, I managed to obtain the map by accident. If it really was the Eye of the Earth’s map, then it would be really bad! It seemed that the Yongxing Trading Company’s owner was also related to the Red Spider Lily faction. It was just that she didn’t know whether he was someone important or just a pawn.

“How many guards does your Yongxing Trading Company have other than you? How strong are they? What is the cultivation level of your owner?” Yun Chujiu thought for a moment and asked Si Tuzhi.

“Because of this mission’s importance, most of our guards came along. There are less than thirty people left in the trading company. Among them, there are five spirit emperors and the rest are all spirit cultivators. Our owner is at the fifth level of the Spirit Emperor Realm.”

Yun Chujiu’s heart skipped a beat. A person at the fifth level of the Spirit Emperor realm could be someone who played a significant role in all this. She hoped that she could find some useful clues.

Yun Chujiu had nothing more to ask, so she looked at Si Tuzhi with a smile. "You are very cooperative. To repay you, I will give you a quick death."

Before Si Tuzhi could react, Yun Chujiu raised her saber and slashed down, killing Si Tuzhi on the spot.

Neither the Fishbone Gang nor the people of the Yongxing Trading Company had expected Yun Chujiu's actions. This kid's personality was too ruthless.

The reason why Yun Chujiu did this was partly to create an example, and partly to intimidate the Fishbone Gang so that they would not even consider betraying her.
