

## The Yun Family's Ninth Child is an Imp! Chapter 816

Yun Chujiu put away Si Tuzhi's storage ring, then kicked his body into the sea.

"Leader Yu, what do you plan to do with the rest of these people?"

When the people from Yongxing Trading Company heard Yun Chujiu's words, they almost fainted from fear. This little devil wouldn't want to kill us too, right?!

"Spare us! Chief Yu, spare us! Young hero, spare us! We are all just trying to earn money to support our families. We are only taking money from others to help them solve their problems. We don't have any personal grudges against you. Spare us!"

Yu Hai pondered for a moment. "Young hero, there are a few people here who have committed all kinds of evil. I have already killed them. Although the remaining people have done some immoral things, they are still just doing their job as mercenaries. It's better to forget about it."

Yun Chujiu looked at him with a faint smile.. "Being soft-hearted is a strength, but it is also a fatal weakness. Can you guarantee that they will not become your enemies in the future?"

Those people from the Yongxing Trading Company wished they could sew Yun Chujiu's mouth shut! Damn! ! You Little Pervert, must you be so insistent on killing us?!

"Young hero! Chief Yu! I swear that if I, Zhao Wu, attempt to take revenge on the Fishbone Gang and the Young Hero in the future, my soul will be scattered to the void and I will never be reincarnated!"

"Young hero, I also swear! If I, Luan An, take revenge on you and the Fishbone Gang in the future, I will be struck to death by lightning!"

"I also swear on my life!"

...

When Yun Chujiu saw that these people had all made harsh vows, so she smiled and said, "Why are you all so nervous? I was just speaking casually. I am the most honest person here, don't be afraid!"

The corners of everyone's eyes twitched. You? Honest? Stop joking! The lightning you threw at us was already not normal, how could you be?! If we believed that, then pigs would fly!

Zhao Wu knelt and crawled a few steps. "Young hero, I have done everything you asked me to do. Can you reward me with the antidote?"

Yun Chujiu glanced at him, she took out a pill from her storage ring and tossed it to him. "Eat it and you'll be fine. I always keep my word. If I say I won't kill you, I won't kill you. However, isn't this the same as betraying the Yongxing Trading Company? Aren't you afraid of their reprisal? Also, sect leader Yu, your Fishbone Gang has become enemies with the Yongxing Trading Company. What do you plan to do next?"

Yun Chujiu was a wicked person. Naturally, she would not let the owner of the Yongxing Trading Company off. However, she was alone, and having a guide would be helpful. She had the intention to ask the Fishbone Gang to help her. However, it would be too embarrassing to ask them for help, so it would be best if they brought it up themselves.

As expected, after a discussion with the other Fishbone Gang members, Yu Hai said, "Young hero, since the remaining members of the Yongxing Trading Company are as strong as us, we have decided to go after them. I also heard that you also wanted to find the owner of the Yongxing Trading Company. Why don't we join forces and fight as one?"

Yun Chujiu looked at the guards of the Yongxing Trading Company noncommittally. "What about you guys? What are your plans?"

The guards who were quick-witted immediately understood Yun Chujiu's intentions and immediately said, "We are willing to help the young hero and Chief Yu destroy the Yongxing Trading Company."

The rest of them also echoed the same sentiment when they saw this. They hoped that the Yongxing Trading Company would be destroyed so that they would not suffer any reprisal from the company for their betrayal. The owner's methods were very vicious, and if they were caught by him, it would be the end of them.

Only then did Yun Chujiu slowly say, "Alright, since all of you insisted, then I will reluctantly cooperate with all of you."

The corners of everyone's eyes twitched. What an amazing actor! This was your plan all along!
