

The Yun Family's Ninth Child is an Imp! Chapter 822

A man wearing a silver mask and a delicate woman were drinking wine. The man said that he was pouring her more wine, but in reality, he was lewdly touching the woman with an evil smile.

Yun Chujiu could not see through the man's spiritual power level. It should be higher than the third level of the spiritual emperor realm, but since he did not notice her, she estimated that he was at most at the fifth level of the spiritual emperor realm. Yun Chujiu felt more confident knowing that.

Yun Chujiu suddenly kicked open the door and threw a bolt of lightning at the silver-masked man!

A light flashed on the silver-masked man's body and blocked Yun Chujiu's attack. The silver-masked man immediately sobered up and shouted in fear, "Who is it?!"

Yun Chujiu saw the confusion in the silver-masked man's eyes as they darted around. She was delighted. It seemed that he could not see her at all. This was easy to deal with! I can't kill you yet!

Yun Chujiu took out a rolling pin and circled behind the silver-masked man. She hit the silver-masked man with the rolling pin.. The silver-masked man felt the blow coming and knew it was too late for him to dodge. He simply pulled Yin Hong over and used her as a shield.

Although Yun Chujiu held back a little, Yin Hong's spiritual power was low, so how could she withstand the blow? She choked on her blood and died.

The silver-masked man took advantage of the moment to jump towards the door. He wanted to escape, but he suddenly stumbled and almost fell to the ground.

He wanted to rush out of the door again but heard the sound of wind coming from behind him again. He could only dodge and avoid Yun Chujiu's attack. Yun Chujiu waved her hand and threw another bolt of lightning at the silver-masked man.

The silver-masked man was very passive. He could not see where Yun Chujiu was at all. He could only rely on the fluctuations of spiritual power and sound to determine Yun Chujiu's position.

Fifteen minutes later, the man was hit on the knee by Yun Chujiu's rolling pin. He collapsed on the ground with a scream.

Yun Chujiu only showed up after she had restrained his spiritual power. Then, she took off the silver-masked man's mask. His face was still plain and unremarkable. Yun Chujiu not only complained in her heart but also thought to herself, 'Why can't the other side's forces pick the handsome ones?! Why did they always pick someone who looked ordinary?!'

Just as the silver-masked man was about to take the poison and commit suicide, Yun Chujiu sneered and pinched his chin to remove the poison. Then, she struck the back of his neck with her palm and dragged him out of the house.

"Yu Hai, take some people with you to clean up the rest of the compound. Then, meet me in the study."

"Yes!"

Yu Hai was now in awe of Yun Chujiu from the bottom of his heart. He immediately led his men to clean up the remaining people still unaware of what happened.

Yun Chujiu dragged the silver-masked man to the back of the study and activated the isolation array. A basin of cold water was poured on the silver-masked man.

"Do you want to remove the spiritual imprint of the storage ring yourself, or do you want me to forcibly remove it for you?" Yun Chujiu sat on the chair with her legs crossed and asked.

The silver-masked man sneered, "I'm warning you, you'd better release me immediately. Otherwise, it won't be just you but your family as well who will suffer the consequences!"

Yun Chujiu laughed out loud, "What big words! You think you're capable of that? You're just a lecher! I think that old man was better than you are. At least he still dreamed of establishing a sect that is on the same level as the four great sects!"

"Hmph! Him? He's just a dog! Kid, if a silver-masked emissary dies, the higher-ups will find out immediately. By then, even if you run to the ends of the earth, they will still find you!" The silver-masked man said arrogantly.

"Tch! Who are you lying to? You're making it sound like they are omniscient. It's not like they have clairvoyant powers. How would they know if you're dead?" Yun Chujiu asked disdainfully, however, her heart was moved, 'The forces behind the Red Spider Lily faction are very strange. They might have a way to do what he just said. I have to find out more about them.'
