

The Yun Family's Ninth Child is an Imp! Chapter 828

In the next few days, Yun Chujiu realized that every time she called Yu Hai in, he would find all sorts of excuses to avoid it. Moreover, when he did go in, he looked like he was in a daze and even trembled slightly.

'Yu Hai, don't be afraid. I'm actually very gentle. I will definitely treat all of you well. Could it be that my aura was too strong so they were all afraid?!' Yun Chujiu thought secretly.

Yu Hai glanced at the cover of the book that Yun Chujiu held in her hand and trembled even more. "S-Sect Master... If... If there's nothing else, I will take my leave!"

Yun Chujiu waved her hand and wondered in her heart. 'Yu Hai was very charismatic in the past, but why did he become so timid? Is my aura really that strong?

This fellow shook her head and picked up the script that was placed at the side to read. On the cover, it was shockingly written "108 Husbands Who Were Plundered by Force"....

Yu Hai staggered back and collapsed on the chair. It was over! Was the sect master going to use force on him?

"Boss, what happened to you?"

"Boss, could it be that the sect master has made it clear to you about 'it'? What did you say?"

"Boss, although the sect master has saved our lives, a man has things he can and can't do. You should resist no matter what!"

...

Yu Hai had a look of despair on his face. It was the first time in his many years of life that he had encountered such a troublesome problem. He did not want to disobey the sect master's orders, but he also did not want to lose his chastity. Oh God, quickly save him!

"Boss! Something's wrong! Those two flying spirit tools have been following us. Could they be coming for us?!" the handsome young man shouted loudly.

Yu Hai jumped up from his chair and ran to the observation window to take a look. As expected, there were two flying spirit tools following closely behind.

"Could they be passing by? Slow down and see if they overtake us," Yu Hai said with a frown.

Unexpectedly, when they slowed down, the two flying spirit tools behind them also slowed down. They increased their speed, and the ones behind them also increased their speed.

Yu Hai knew that he had run into trouble, so he could not care less about that mess now. He quickly went into the inner room and said, "Sect Master, there are two flying spirit tools following us from behind."

Yun Chujiu was stunned and quickly went to the observation window to check.

The two flying spirit tools at the back did not have any signs or flags on it, and were about the same size as Yun Chujiu's flying spirit tool. They followed closely behind them.

"Sect Master, I've tried to slow down or speed up. They've been following closely behind us. They must be coming for us," Yu Hai said from the side.

Yun Chujiu frowned. "I'm afraid they're just following us and are probably waiting for reinforcements. Let's speed up and try to get rid of them. If their reinforcements arrive, we'll be in trouble!"

Yun Chujiu decided to fly the flying spirit tool herself. Although the two flying spirit tools behind her also increased their speed, they were still a distance behind.

Just as Yun Chujiu was about to heave a sigh of relief, she did not expect that two more flying spirit tools would appear in front of her. One of them actually crashed into Yun Chujiu's flying spirit tool!

Yu Hai and the others cried out in shock. Yun Chujiu suddenly lowered the flying spirit tool and dodged the impending collision, steering it under the other flying spirit tool.

Not long after she flew out, another two flying spirit tools appeared in front of her. Their purpose was very clear—to block the way of Yun Chujiu and the others. Yun Chujiu tried to rush over several times but failed. At that moment, the four flying spirit tools behind her also caught up, they surrounded Yun Chujiu's flying spirit tool in the middle.
