

The Yun Family's Ninth Child is an Imp! Chapter 835

Yun Chujiu held Fan Zhen back while Yu Hai and the others swam to the side and began to “pick up the scraps”.

After those silver-masked men were struck by the electric current of the Illusionary Electric Eel, their combat strength was greatly reduced. How could Yu Hai and the others let go of such a good opportunity? They naturally wanted to take the opportunity to end their lives.

These silver-masked men were simply about to collapse!

‘Damn it!

‘Can anyone tell me why this Illusionary Electric Eel has gone crazy? Why is it attacking us instead of the enemy?’

Although the number of silver-masked men was five times more than Yu Hai and the others, they could not withstand the sudden change in attitude of the Illusionary Electric Eel. In addition, they were not good at swimming, so they immediately fell into a disadvantageous position.

On the other hand, the more Fan Zhen fought, the more alarmed he became. How could this Yun Chujiu be so difficult to deal with?! Although she might have hidden her spiritual power, she would not be above the third level of the Spirit Emperor realm. How could she hold on for such a long time when he was giving it his all? Could it be that she could fight against someone of a higher level?

Fan Zhen looked to the side during the battle and was pissed to no end!

He saw that not only did the Illusionary Electric Eel not help the silver-masked emissary to deal with the enemy, but it also shocked the silver-masked emissary as if it was Yun Chujiu's spiritual pet.

Fan Zhen was so angry that he gritted his teeth. This ungrateful beast! When it killed Yun Chujiu, it would definitely teach this beast a lesson!

When Fan Zhen was gnashing his teeth, he was shocked to see Yun Chujiu summon five immortal swords that went at him.

'Impossible! How can Yun Chujiu command five immortal swords to attack at the same time? Why is her spiritual sense so powerful? I can't let this scourge live. I must kill her today.'

Fan Zhen bit his middle finger and started to form a seal with his hands. A pattern of the Red Spider Lily appeared in the water. Suddenly, it turned into thousands of poisonous arrows and shot at Yun Chujiu.

Yun Chujiu was so scared that she quickly sank down. She took out a rolling pin and spun it swiftly to shield against the poisonous arrows. Even so, a few poisonous arrows pierced Yun Chujiu's thigh.

Fan Zhen was ecstatic in his heart. The poisonous arrows formed by the secret technique were extremely poisonous. This wretched girl was dead for sure!

Yun Chujiu grimaced in pain and quickly shouted at the Illusionary Electric Eel, "Little loach, hurry up and move, or it will be too late!"

The Illusionary Electric Eel naturally did not want to damage its primordial spirit. It wanted Yun Chujiu to kill Fan Zhen. Now that it looked like Yun Chujiu was no match for Fan Zhen, it had no choice but to forcefully cancel the contract with Fan Zhen.

Just as Fan Zhen was feeling pleased with himself, he felt a sharp pain to come from his spiritual sense. He was so angry that he almost went crazy. "Lightning, what are you doing? Are you crazy?"

“HMPH! If I had not been forcefully abducted by you, would I have acknowledged you as my master? Acknowledging you as my master is worse than acknowledging that little pervert as my master! I will terminate the contract with you today. I want to regain my freedom! If you know what’s good for you, then cooperate with me. Otherwise, I’d rather die with you. Neither of us can get better!” The Illusionary Electric Eel had suffered for so many years, it had long had enough.

Fan Zhen did not expect that his spiritual pet would betray him in such a short period of time. It must have been Yun Chujiu, that stinky girl. How did she do it?

Fan Zhen was naturally unwilling to break the contract with the Illusionary Electric Eel just like that. He had not expected that the Illusionary Electric Eel would actually strip a strand of its spiritual sense directly from its primordial spirit. Fan Zhen immediately lost control of the Illusionary Electric Eel.

Fan Zhen was so angry that he gritted his teeth. What kind of bewitching potion did Yun Chujiu give the Illusionary Electric Eel? It would actually rather harm its primordial spirit to break the contract with him.

What made him even more surprised was that after Yun Chujiu pulled out the poisonous arrow from her leg, she stuffed a pill into her mouth and was totally fine again.
