

The Yun Family's Ninth Child is an Imp! Chapter 837

After everyone boarded the Flying Spirit Tool, Yun Chujiu asked Yu Hai to retrieve the corpse of a silver-masked man. After she examined it, she discovered that he did not die from poison.

Yun Chujiu asked Yu Hai to collect all the storage rings of the silver-masked men. Other than finding some jade tokens and medicinal pills engraved with the Spider Lily symbol, Yun Chujiu did not find anything else of value.

Yun Chujiu gave all the Spirit Stones to Yu Hai and the others. Each of them received over ten million low-grade Spirit Stones. Yu Hai and the others were so scared that they did not dare to accept them. "Sect master, this... This is too much! It's better to use it for the sect."

"Yes, sect master, we are not worthy of it."

.

"Sect Master, it's better for you to keep it for yourself. We have already divided quite a lot of Spirit Stones among ourselves before this."

...

"What's there to be polite about? Just take it! Our Heavenly Thunder Sect is really rich. This is just a small taste. There will be more to share with you in the future. The fifteen of you will be our Thunder Sect's founding Elders in the future. You might even become peak masters..."

Yun Chujiu began to passionately brainwash them. Yu Hai and the other fighting spirits were ignited by the beautiful future plans that Yun Chujiu had described. They wanted nothing more than to immediately show off their skills.

“Alright, all of you were very tired from the fierce battle just now. Take turns to drive and be on guard. I’ll go in and rest too.” Yun Chujiu saw she had almost completely brainwashed them, so she went into the inner room to rest.

Yun Chujiu sorted out the recent events and felt that the powers behind the Godly Devil Hall were not to be underestimated. They had trained many subordinates under everyone’s noses and had even built up several forces in the Endless Sea and the Chimeric Plains.

From what Ren Lizhi had said, the master’s spiritual power was even higher than that of the mighty figures in the Tianyuan Continent. Although it might be exaggerated, one of his subordinates, Gold face, had reached the seventh level of the spiritual emperor realm. His strength was truly unfathomable.

Moreover, the two times that Gold faced Emissary had used the secret art of the Red Spider Lily were both extremely powerful. If not for Strange Grass, she might have already died.

Moreover, they were able to control the ancient sword tomb’s array formation and even break the underwater array formation. It was truly inconceivable that they knew about ancient array formations.

However, the only good news was that they had yet to find the location of the Eye of the Earth. Otherwise, they wouldn’t have developed their forces to search for the map.

It was truly a pity that Gold face’s emissary escaped. Otherwise, they would be able to get more useful information out of him.

Also, why did those silver-masked emissaries suddenly die? It was really strange!

‘Forget it. I’ll ask Prince Charming when we meet up. Maybe he will know. Speaking of which, we should be able to meet Prince Charming in another two days at most. Just thinking about it is making me a little excited.’

Two days later, Yun Chujiu was reading a script when Yu Hai ran in and said, "Sect Master, there's a flying spirit tool flying towards us. The person inside indicated that we should land immediately."

Yun Chujiu was delighted. Could it be Prince Charming?

Yun Chujiu quickly ran to the front of the observation window. As soon as she saw the flashy flying spiritual tool in front of her, Yun Chujiu knew who it was. It was the black chicken head.

Yun Chujiu poked her head out of the porthole. "Brother Wuji! Is that you?"

"Little Sister Jiu! It's really you! Wuuuu, I've been thinking so much about you! I thought I would never see you again!" Xue Wuji wailed half-truthfully, but his eyes were already red.

Yun Chujiu's eyes were also slightly red. This time, it could be said that she had narrowly escaped death. Any mistake in her adventures recently would have cost her her life.

"Land immediately. It's my brother Wuji," Yun Chujiu said to the crowd.

Yu Hai and the others were all dumbfounded!

Little Sister Jiu?

What the hell? Their sect master is a woman? Not a man?
