

The Yun Family's Ninth Child is an Imp! Chapter 842

Secret Agent Huahua sighed in her heart, 'Young Master, why are you doing this?! As the saying goes, out of sight, out of mind. Could it be that you have a masochistic streak? Do you have to watch the two of them make out with each other and then come back howling in sadness?'

In the end, Secret Agent Huahua and An Feng boarded Di Beiming's flying spirit tool. Yu Hai and the others piloted another flying spirit tool and flew towards the Spirit Radiance Sect.

Yun Chujiu felt that with Di Beiming by her side, she immediately felt at ease. She had a good meal and slept soundly.

"Prince Charming, brother Wuji, wait for me in the cockpit. I'm going to take a shower. I've been using the cleaning spell for such a long time. It's uncomfortable to not take a proper shower after such a long time," said Yun Chujiu as she felt that a proper shower was overdue after her recent adventures.

Xue Wuji was fine, but Di Beiming's ears turned red. When he thought of the previous incident, his heart started to beat violently. He kept telling himself not to think about it, but the scene from that time kept appearing.

Xue Wuji's eyes flashed. "Di Beiming, what are you thinking about? Don't tell me you just had some bad thoughts about Little Sister Jiu?"

"What are you talking about?! I was thinking about the Godly Devil Hall." The romantic thoughts in Di Beiming's mind instantly dissipated.

"Humph! You can't lie to me! Then tell me, what exactly about the Godly Devil Hall are you thinking of?" Xue Wuji curled his lips and asked.

“According to what Ren Lizhi said, the master’s spiritual power is so high that the Eye of the Earth in the Azure Mystic Continent might not be enough to satisfy his appetite. Do you think his hand has already extended to the Black Sky Continent?” Di Beiming said with a serious expression.

“This shouldn’t be possible, right? Those pills that could increase spiritual power rapidly were not very useful to the cultivators in Black Sky Continent. If there were no pills to bribe them with, he would not have any other tool to persuade the cultivators there. Besides, we are not to be trifled with. Who would dare to play such tricks under our noses?” Xue Wuji said with great confidence.

“The Eastern Continent is indeed under our control, but the Western Continent and the Ten-Thousand-Year Frozen Wilds are not. Perhaps he has already started his operation there,” Di Beiming said with a slight frown.

Xue Wuji was stunned for a moment. He thought for a moment and said, “Although the Western Continent and the Ten-Thousand-Year Frozen Wilds are not under our control, the weather there is terrible and high-level demon beasts run rampant. There is a limit to how much one can develop their forces there. At most, we can send people to scout the area.”

Di Beiming nodded. Although the Hall of Longevity and Demon Blood Sect usually fought each other, if the safety of the Black Sky Continent was involved, the overall situation would naturally be more important.

As the two of them were talking, Yun Chujiu jumped out from inside. “Prince Charming, brother Wuji, what are you talking so excitedly about?”

Di Beiming and Xue Wuji raised their heads and were instantly stunned.

Standing in front of them was a beautiful and graceful young lady. Although her body had not fully grown, there was already a slight curve on her body. Her fair skin was as delicate as jade, and her facial features were exquisite as carved from marble. A pair of eyes were looking at them mischievously.

“Little, Little Sister Jiu? Are you really Little Sister Jiu?” Xue Wuji blurted out in disbelief. Although Yun Chujiu could be considered a little beauty before, there was still a gap between her and the young lady in front of him at that time.

Di Beiming stood in front of Xue Wuji and said, “Little Jiu, I think it’s more convenient for you to wear men’s clothes.”

“Di Beiming, are you blind? Little Sister Jiu looks so good in women’s clothes! Little Sister Jiu, you are the most beautiful girl I have ever seen, you’re just like a little fairy!” Xue Wuji said flatteringly.
