

The Yun Family's Ninth Child is an Imp! Chapter 856

"Sect Leader, you said that I was doing it for the sake of the sect and for my family. I can't just stand by and watch them stay trapped inside. Although I'm not necessarily stronger, I am definitely smarter! Moreover, I even outsmarted the trap at the ancient sword tomb. I don't believe that the Elixir Valley can trap me!"

Yun Chujiu's small face was full of determination. Even if it was a dragon's den or a tiger's den, she would still go for it. Her smarts always triumphed over whatever came in her way. She would definitely be able to save the others.

When Master Xuanyuan saw that Yun Chujiu had already made up her mind, he could only sigh and say, "Alright, since you've already made up your mind, you should take this storage ring with you. It contains all the defensive spirit tools of the Spirit Radiance Sect. Bring it with you just in case. Remember that talismans can not be used in the Elixir Valley, and flying is forbidden."

Yun Chujiu nodded. Although there were many defensive spirit tools in her storage ring, they all needed to accept her as their master before they could be used. The low-level defensive spirit tools given by Master Xuanyuan were more convenient since there were no ownership requirements.

An Feng was asked by Yun Chujiu to hand over the silver-masked men's corpses and array disks to Master Xuanyuan. She also told him the location of Longping Mountain and asked him to gather the four sect leaders to follow up with what they found there.

After taking care of some things, Yun Chujiu and the others left the meeting hall.

Di Beiming and Xue Wuji did not stop Yun Chujiu. They knew that Yun Chujiu valued relationships very much. No matter what, they had to go to the Elixir Valley.

The five of them immediately got on their flying spirit tools and rushed toward the Elixir Valley.

“Little Jiu, you are now a spirit emperor. You can go to the East Valley, but what about the West Valley?” Di Beiming asked Yun Chujiu.

Yun Chujiu frowned, “If you can’t tell my true spiritual power level. I don’t think the array formation of the Elixir Valley will be able to either. I’ll try entering the West Valley first and when the people of the West Valley are rescued, we’ll enter the East Valley together. Otherwise, I’ll go rescue the East Valley members first.

“Little Jiu, we can try wearing the hidden spirit ring. What if the array formation is fooled?” Xue Wuji said.

“Xue Wuji, if the hidden spirit ring worked, do you think those people won’t already be using it? I’m afraid that only Little Jiu can sneak in.” Di Beiming was very frustrated but could not help, making him feel uneasy

Xue Wuji touched his nose. “I also know that it might not work, but I can’t let little sister Jiu take the risk alone. I’m really worried.”

Yun Chujiu smiled and said, “Prince Charming, brother Wuji, you don’t have to worry. I’ve already broken out of the ancient sword tomb and that barrier, so why would I be afraid of a small Elixir Valley? Moreover, since the spiritual power level of the cultivators allowed to enter the West Valley is low, the demon beasts and the array formation inside should not be as powerful as those at the East Valley. Nothing serious will happen to me.”

Although Di Beiming and Xue Wuji were worried, they had no other choice but to acquiesce.

Half a month later, everyone arrived at the Elixir Valley.

Outside the Elixir Valley, there were people from the four great sects and other factions. All of them looked distraught.

When they saw Yun Chujiu, they immediately felt that the manifestation of hope had arrived!

This little girl had escaped from the ancient sword tomb after all. She was truly blessed with great fortune. With her, they would be able to rescue the people trapped inside!

After the incident in the ancient sword tomb, these people had a mysterious confidence in Yun Chujiu. They believed that this Little Devil would definitely be able to solve all their problems.
