

The Yun Family's Ninth Child is an Imp! Chapter 860

After the Elixir Valley Wu Yun discovered Yun Chujiu's actions, it realized that it had been tricked! It struck at Yun Chujiu in exasperation.

This little girl must have instructed the ugly bird to provoke it so that she would discover the fluctuation of spiritual power. How cunning! She had tried to break through its barrier. In her dreams! I'll kill you before you do anything else!

After being struck by lightning thirteen times, it realized that this little girl was even more difficult to deal with than the ugly bird!

No matter what, the ugly bird could still dodge when it was struck by lightning, indicating that it was still afraid of being struck by lightning. However, this devilish little girl completely turned a blind eye to its heavenly lightning! It angered the cloud to death!

"No wonder Little Black said that you are a rookie. You are really weak! I stood here motionlessly and allowed you to strike me, but you still couldn't hurt me. Don't you think you are a good-for-nothing?" Yun Chujiu rolled her eyes, it was not bad to consume a little of its spiritual energy. Coincidentally, the Three Malefic Beings in her Dantian had bottomless stomachs. It was a good opportunity to absorb some of the power of lightning.

How could the Wu Yun withstand Yun Chujiu's provocation? It kept throwing bolts of lightning at her.

After four hours, Yun Chujiu was still alive and kicking. However, the Wu Yun was getting less and less aggressive, so it had no choice but to give up and run away.

Only then did Yun Chujiu release the Three Silly Munchkins. After thinking for a while, she also released the Illusionary Electric Eel. Although it was an aquatic demon beast, it was still able to attack the enchantment. More beasts meant more power.

The Illusionary Electric Eel was now under the control of others. It had to obey regardless of whether it wanted to or not, so it could only help Yun Chujiu attack the enchantment together with the others.

The enchantment here was indeed not very strong. It was not even half as strong as the one at the bottom of the sea. In less than an hour, a crack had appeared. Yun Chujiu put the beasts into her spirit beast bag and sent a few purple lightning bolts at the barrier, after the crack expanded to a size large enough to fit her, she jumped out with a whoosh.

The rune spirit here was almost about to cry because of its stupidity. It decided to not tell anyone about how it was tricked and kept the incident to itself.

Fortunately, the rune spirit made that stupid decision much to Yun Chujiu's benefit. Otherwise, when the other two rune spirits found out about its encounter, they would be on guard against Yun Chujiu. She would then have a much harder time rescuing the others.

After Yun Chujiu escaped from the enchantment, she found that there was still a valley full of life in front of her.

Yun Chujiu randomly chose a direction. After walking for a while, she found that the level of the spirit herbs here was much higher than where she was previously. Moreover, she could occasionally find some traces of humans passing by. Yun Chujiu was delighted, this time, she finally found the right place. As long as she followed the tracks, she would definitely be able to find the trapped people.

Along the way, they encountered several groups of level 5 or 6 demonic beasts, but Yun Chujiu still used heavenly lightning to scare them away. She couldn't help but curse in his heart. Why was it so hard to encounter a level 8 demonic beast?!

Coincidentally, just as Yun Chujiu cursed in her heart, a group of level 8 Ironhide Leopards surrounded Yun Chujiu. The leader of the group, the Leopard King, stared at Yun Chujiu with a pair of cold eyes. Then, it found that the little human girl in front of it actually laughed happily, as if she had just made a fortune!

Was this little girl sick?! It was wondering if that crazy disease was contagious, or else they would have already eaten her.

Just as the Leopard King hesitated, it heard the little human girl say, "Little Bun, you came at the right time. Quickly bring me to those trapped cultivators."
