

The Yun Family's Ninth Child is an Imp! Chapter 865

"Do you want to erase the spiritual sense on this by yourself, or do you want me to forcefully erase it for you?" Yun Chujiu held the man's storage ring and asked.

Although the man was screaming in pain, he still said stubbornly, "Yun Chujiu! What right do you have to look into my storage ring? Everyone, are you going to let Yun Chujiu behave so arrogantly? Don't you all want to get out?"

The onlookers were about to say something when they saw Yun Chujiu chop off the man's right hand with a kitchen knife! The man screamed in pain.

Everyone was stunned. They never thought that Yun Chujiu would attack without a word. Yun Chujiu ignored them and forcefully erased the man's spiritual sense that was left on the storage ring.

The man's spiritual sense was in great pain and he fainted immediately!

Yun Chujiu used her spiritual sense to scan the storage ring and found the jade token with the Red Spider Lily engraved on it. She smiled coldly and pointed at a person. "You! Come here, take out the jade token inside! Otherwise, you will accuse me of framing him!"

That person saw that Yun Chujiu was pointing at him with a bloody kitchen knife and did not dare disobey. He took the jade token out from the storage ring.

When the crowd saw the Red Spider Lily pattern on the back of the jade token, they were stunned!

Now, there was no need for further words. The pattern shown on the jade token was like a slap to their faces. They were all fooled by the fainted man!

They could not even distinguish right from wrong. They had wronged Yun Chujiu. They were worse than pigs and dogs!

Just when the crowd was about to apologize to Yun Chujiu, the man on the ground woke up, he said with grief and indignation, "Everyone, I found that jade medallion by accident. I haven't handed it over to the sect yet! This Yun Chujiu is very cunning. Don't be deceived by her!"

"By accident? You are quite powerful! Then tell me, how did you get it by accident?" Yun Chujiu said with a cold smile.

"I killed a black-clothed man wearing a mask and found it on his body."

"A man in black? What about the time and place? Why did you kill him?"

"A month ago, I went to the Eupatorium Valley to harvest Eupatorium grass. After that man in black saw me, he attacked me without any explanation. Naturally, I couldn't sit still and wait for death. Thus, we fought. I managed to kill him and found a jade token and a few bottles of pills on his body.

I originally planned to hand it over to the sect, but when I heard the news of the opening of the Elixir Valley, I forgot about the matter. Everyone, I was wronged! Yun Chujiu is arrogant and despotic. She was preparing to beat a confession out of me! Previously, I was so kind-hearted and wanted to save everyone. Could it be that you all just watched Yun Chujiu torture me?" The man said in grief and indignation.

The onlookers were uncertain again. What the man said was not without reason. Moreover, there were disciples of the Heaven's Gate sect who testified that the man had indeed been to the Eupatorium valley a few days ago.

"Yun Chujiu, what he said is also reasonable. How can you prove that this jade token is his? If he picked it up, not only did you cut off his right hand, but you also damaged his spiritual sense. What do you have to say about that?"

“That’s right! You can’t convict him just from that jade token, right? Senior brother Liu has always been well-behaved in our Heaven’s Gate sect. How could he be a member of the Red Spider Lily faction? Yun Chujiu, are you trying to justify yourself by beating him into submission?”

Yun Chujiu recalled a classic saying at this moment, ‘Men are not afraid of god-like enemies but incompetent allies. These people were dumber than pigs!’
