

The Yun Family's Ninth Child is an Imp! Chapter 868

"You can only leave if you find the edge of the enchantment barrier. I tried to provoke the rune spirit just now to release a cloud to come after me. When it strikes me, you guys can split up and look for the place where the spirit power fluctuations are abnormal. From there you can confirm the location of the barrier. Unfortunately, the rune spirit here is quite cunning. Due to the scene that man created just now, I'm afraid the lightning cloud will not show itself now." Yun Chujiu sighed as she said with great regret.

Hearing this, everyone felt ashamed and annoyed. They wished they could cut Liu Li into a thousand pieces to vent their anger!

"Fairy Yun, is there no other way?"

"This place is so big. If the array formation doesn't show any spirit fluctuations, we won't be able to find the enchantment at all. Didn't you guys search for a long time in vain? Sigh! It's now down to time, luck, and fate! I don't have any other good ideas now!" Yun Chujiu said with a frown.

At that moment, everyone's intestines were green with regret. If they could turn back time, they definitely would not fall for Liu Li's instigating words. It was over. They would be stuck here forever! They had shattered their hopes of getting out with their own hands!

Yun Chujiu saw everyone's regretful look and felt a tinge of satisfaction. They deserved it! What were they thinking when they scolded her just now? What were they thinking when they forced her to kneel to the rune spirit? What were they thinking when they acted dumb and looked down on her?

Yun Chujiu saw the Leopard King who had already sneaked a hundred feet away. She sneered and said, "Little Bun, where are you going? Why aren't you coming over? I'm tired!"

The Leopard King ran over without a complaint in his mind and continued to act as a chair for her.

Yun Chujiu sat on the Leopard King with a frown on her face. Although she said that she wanted to take revenge on those idiots, she was telling the truth. Now that the rune spirit was on guard, it would be very difficult to provoke it into action. How could she find the barrier?

Yun Chujiu thought for a long time but could not come up with any good ideas. She could only try her best. She placed her hands on her hips and started cursing at the rune spirit again. She went on until her mouth and her tongue were dry yet there was no response at all. Yun Chujiu could only continue to sit on the Leopard King in frustration.

When everyone saw that it was as Yun Chujiu said, they became even more desperate. The turbulent regret they felt in their hearts could be described as quaking mountains and churning seas. If it wasn't for the fact that Liu Li still had the value to be interrogated, they would have torn him apart long ago.

Yun Chujiu frowned. With time, they would be able to eventually find the enchantment barrier. However, time was a luxury they did not have. Liu Li said that the enchantment would sink into the ground after some time had passed. Perhaps the people above him had fooled him, this Elixir Valley was very likely to be like the ancient sword tomb. After some time, it would self-destruct.

Yun Chujiu was so frustrated that she casually began to pull at the Leopard King's fur. She pulled out tuft after tuft much to the Leopard King's discomfort. The Leopard King was so depressed that it wanted to hit its head against a wall. What kind of sin had he committed?! Why did he have to meet such a little devil?! He did not want to end up naked. If he became bald, he would not be able to survive in the Beast World in the future.

The Leopard King did not dare to resist, so it secretly moved backward. Yun Chujiu did not notice and a moment later, when she leaned back, she fell on her back.

Yun Chujiu originally couldn't think of a way, so she was very annoyed. Now, she blamed it on the Leopard King. "Damn! Little Bun, are you trying to escape again?! Get over here!"

The Leopard King was like a wronged wife. It moved to Yun Chujiu's side and then pointed at a piece of leopard fur on the ground with its claws.

Yun Chujiu then realized that she was grabbing the Leopard King's fur. She thought it was wild grass! She coughed dryly. "Cough, cough. If the old doesn't make way for the new, things will never change. Besides, I didn't pull out that much!"
