

The Yun Family's Ninth Child is an Imp! Chapter 886

Everyone thought to themselves, 'Borrow?! I have a feeling the things you borrowed will never be returned?!'

Wherever the fire went, the Infernal Mirage Flowers burned to a crisp. Occasionally, the few that did not burn to ash were eradicated by the five of them. It was better to extinguish such evil flowers.

Even with such a large fire, it was not until the afternoon of the third day that everyone heard the cries of demonic beasts.

Everyone sped up their efforts and no longer burned the flowers. Instead, they used their spirit powers to destroy the Infernal Mirage Flower. An hour later, they discovered that a few demonic beasts were in a state of frenzy. It was obvious that they were still affected by the flower's fragrance.

Yun Chujiu gave them a smack with her rolling pin and made them stay further away from the flowers. Then, she splashed them with cold water to wake them up. The demonic beasts had blank looks on their faces.

"You were poisoned by the Infernal Mirage Flower and I just saved you. Where are the rest of the Demonic Beasts and cultivators? Are they far from here?" Yun Chujiu asked the demonic beasts.

The demonic beasts nodded and pointed in a direction with their claws.

Yun Chujiu chose the smallest of the demonic beasts and put on a gas mask for it to lead the way while she kept the rest of the demonic beasts in her spirit beast bag.

Those few demonic beasts obeyed Yun Chujiu's instructions. They were not stupid. If the little girl wanted to kill them, she would have already done so just now. Therefore, they confidently followed her in peace.

The smallest demonic beast was a Two-eyed Lightning Mink. After putting on the mask, it miraculously realized that it could not smell the abominable fragrance anymore. It admired these few humans. These five people were much smarter than the ones trapped inside.

The more they walked inside, the more distinct the roars of the various demon beasts became. Gradually, they started to see some large demon beasts. Without a doubt, those demon beasts were all still affected by the flower's abominable fragrance. Some were extremely excited, and some were unable to control their grief, some were madly spinning in circles...

Yun Chujiu and the others could only knock them unconscious one by one and put them into their spirit beast bags, preparing to wake them up again when they had time.

Finally, Yun Chujiu saw the isolation arrays laid out in front of them, which were filled with cultivators. Yun Chujiu immediately saw the elders of the Spirit Radiance Sect, and her heart instantly relaxed.

When those people also saw Yun Chujiu and the other three, they immediately felt a sense of hope wash over them. These people were different from the people trapped in the West Valley. Most of them had been to the ancient sword tomb, so they knew the strength of these five people, especially when they saw that Yun Chujiu had escaped from the ancient sword tomb, they felt that this little girl was not ordinary. She would be the one to save them for sure.

Yun Chujiu did not have time to chat with them. She gave masks to a few cultivators with high spiritual power and asked them to help destroy the Infernal Mirage Flowers.

Yun Chujiu asked the trapped cultivators to provide a lot of firewood and items that could ignite a fire. Soon, a large fire burned fiercely.

The more people there were, the more power there was. Everyone worked for almost a day and finally burned all the Infernal Mirage Flowers into ashes. Even if some did not die, they were destroyed by their spiritual powers and couldn't be resurrected.

Yun Chujiu then asked about what happened to everyone and why they were trapped in this sea of flowers.

Elder Qu sighed and began to tell the story. "After we found out that we were trapped here, we started to look for a way out, but there was no exit. The ones who came in later ended up in the boat. We eventually gathered together here.

"We were unwilling to be trapped like this, so we split up again to look for a way out or a barrier. However, almost everyone returned with bad news. Just when we were falling to despair... Elder Zhang from the Heavenly Gates Sect suddenly ran back and said excitedly that he had found the barrier."
