

The Yun Family's Ninth Child is an Imp! Chapter 912

Seeing that Yun Chujiu gradually weakened, Su Yanran was delighted. This blight on her conscience that had plagued her for three years was about to be dispelled. As long as she killed Yun Chujiu, the Azure Mystic Continent would be within her grasp. As the joy of her impending victory filled her heart, her attacks became increasingly fierce.

On the other hand, Yun Chujiu slowly retreated in defeat. The people of the Spirit Radiance Sect felt their hearts clench. Little Jiu was going to lose. If she was in danger, they would save her no matter what. Thus, everyone was on full alert, they were prepared to save Yun Chujiu when she was on the verge of defeat.

Someone suddenly noticed that the sky had started to turn dark. Everyone looked up and saw several dark clouds gathering toward them. Everyone thought to themselves, could it be that it was going to rain?

However, Yun Chujiu's heart was filled with joy. The gathering of dark clouds meant that she was about to break through successfully. She only needed to hold on for a little longer. At that time, with the power of the Heavenly Lightning, she would definitely be able to get rid of Su Yanran.

Just as Yun Chujiu was thinking about this, Su Yanran caught her by surprise. A gold wind blade tore through her spiritual energy barrier and landed on her left arm. Fresh blood immediately oozed out.

Yun Chujiu was in so much pain that she shivered. This pain stimulated her fighting spirit even more. She smiled brightly and said, "Su Yanran, my ultimate move is about to come. I advise you to kneel and admit your mistakes right now. I might let you live."

Su Yanran was so angry that she was amused. "Yun Chujiu, are you delusional? You should be the one kneeling! In less than fifteen minutes, you will die without a doubt."

"Without a doubt? Then let's wait and see. Let's see who dies in the end." Yun Chujiu continued to increase her spiritual power and finally reached the critical point of breaking through.

At this moment, the sky gradually darkened. The gathered Wu Yun suddenly struck down a bolt of purple lightning.

Yun Chujiu immediately screamed and moved closer to Su Yanran. "Damn, you stupid Wu Yun, you can't even hit me. If you don't believe me, you can try. I'm running so fast!"

These Wu Yun were the same ones that struck Yun Chujiu at Longping Mountain back then. They thought that they had already killed Yun Chujiu, this scourge, but they did not expect that she was still alive. They were too angry at Yun Chujiu, so they repeatedly struck at her! This time, no matter what, they had to kill her!

Although they did not injure the innocent, they would occasionally miss. When they saw Yun Chujiu running around in all directions, they were so annoyed that they kept trying to hit her.

The people from the Spirit Radiance Sect had long known about Yun Chujiu's abilities and knew that they had to retreat far away. However, the people from the Godly Devil Hall did not know what was happening. The first one to suffer was Su Yanran, who was closest to Yun Chujiu. A bolt of Heavenly Lightning was supposed to strike Yun Chujiu but, unexpectedly, Yun Chujiu suddenly turned her body, and that bolt of lightning struck Su Yanran instead.

It was already too late for Su Yanran to dodge, so she could only use her spiritual energy barrier to block the bolt of heavenly lightning.

Su Yanran was so angry that she gnashed her teeth. Just as she was about to settle the score with Yun Chujiu, she found that Yun Chujiu was charging toward the people from the Godly Devil Hall. She was provoking the heavenly lightning while she ran amongst the Godly Devil Hall forces, and the heavenly lightning was so angry that it could not differentiate between right and wrong. Although most of the lightning struck Yun Chujiu, there were still quite a number of heavenly lightning strikes that struck the people from the Godly Devil Hall.

Although some people were not injured, they had lost quite a number of spirit weapons. Some unlucky people were even severely injured.

The people from the Godly Devil Hall immediately retreated quickly as if they were avoiding the plague. This was a devil who could not be killed by the heavenly lightning strikes.. She was a monster!
