

The Yun Family's Ninth Child is an Imp! Chapter 917

When everyone heard Yun Chujiu's words, they all nodded. She was right. As long as they strengthened their defenses, it would not be so easy for the Godly Devil Hall to strike back. Moreover, they had suffered a great loss this time. They would not have the chance to turn things around for at least another decade.

Everyone returned to the Spirit Radiance Sect once again. The disciples there were currently cleaning up the battlefield. This calamity had destroyed one-third of the Spirit Radiance Sect's foundation that had existed for tens of thousands of years. Were it not for Yun Chujiu's efforts in turning things around, the Spirit Radiance Sect would probably no longer exist.

Since the matter had temporarily come to an end, the people of the various sects all made their farewells. Yun Chujiu waved her little hands to send everyone off.

As the people of the Spirit Radiance Sect had to rebuild their sect, they were also extremely busy. Yun Chujiu simply greeted Master Xuanyuan and then went with Di Beiming, Xue Wuji, and the others to find a place to resettle the demon beasts.

The Demon Beasts originally from the Demon Beast Forest were naturally sent back there. Yun Chujiu had promised these demon beasts that after the battle, she would give them blood coagulation pills. After fulfilling her promise, she sent them all back to the Demon Beast Forest.

The Demon Beasts in the Elixir Valley were more accustomed to life in the valley, so Yun Chujiu sent them off and released them in a few different valleys. The Leopard King and the Golden Tortoise were still somewhat reluctant to part, so Yun Chujiu secretly gave them some pills, only then did these two fellows leave happily.

The corners of Yun Chujiu's eyes twitched. Damn it, she thought that they were genuinely reluctant to part with her, but it turned out that they were trying to swindle some additional benefits off her.

The Illusionary Electric Eelin the Spirit Beast Bag was the most miserable. It was different from others. Only was the only sea beast and had to be sent somewhere appropriate. Moreover, the Spirit Radiance Sect was located deep inland, so Yun Chujiu did not have any plans to go toward the sea. For the time being, it could only continue to stay in the Spirit Beast Bag in misery.

Di Beiming and Xue Wuji helped Yun Chujiu settle down those demon beasts and also returned to the Tian Yuan continent one after another. They felt that it was necessary to thoroughly investigate the situation in the Tian Yuan continent to prevent the Godly Devil Hall from also setting foot in the Tian Yuan Continent.

After Yun Chujiu waved her little handkerchief to send the two of them off, the days of self-indulgence began.

To thank Yun Chujiu for saving their lives, the various sects invited Yun Chujiu as their guest. Not only did she finish eating everything, but she also returned with a full load of leftovers each time.

She had found it fun and had been happily attending banquets all day long. She had also earned a lot of money. Most importantly, she had also obtained two pieces of the Great Void Mirror fragments from the Bixiao Palace and the Skyblade Sect.

After the Great Void Mirror was repaired, it was upgraded again, and it could release low-grade earth-grade spirit herbs and demon beasts below the ninth level.

In the past, Yun Chujiu would have been very satisfied, but now she had high standards and felt that this function was underwhelming. It was not good enough, so she had to continue her search for the remaining broken pieces.

She indulged himself for a month and before she started to do her work.

That was to find a way to improve the aptitude of the Yun siblings. Although they had been cultivating diligently, their aptitude was limited. If they did not find a way to improve, they would probably end up stuck at the fifth level of the spiritual emperor realm, with no hope of ascending further.

Although Feng Ming and the other two were much more talented than them, they would be hundreds of years old before they ascended.

Firstly, Yun Chujiu wanted to help them, and secondly, she had her own selfish motives for doing so. It would not be long before she ascended to the Tian Yuan Continent, and the Yun residence would not be at ease. If the Yun siblings' spiritual power increased by a large margin, they would be able to better help protect it. In addition, she felt that she should bring a few others along to enter the Tian Yuan Academy. Otherwise, if she was alone, she might not be able to compete with those naturally talented disciples there.

Feng Ming and the other two had just broken through to the first level of the Spirit Emperor realm a few days ago. Their aptitude was not bad, and as long as they had the appropriate medicinal pills to assist them, they would be able to ascend together with her.

That little b*tch Su Yanran used less than a year to soar to the ninth level of the spirit sovereign realm so that meant would be medicinal pills that would allow Feng Ming and the others to rapidly advance. She had this sort of mysterious confidence, and so she began to attempt all sorts of things.
