

The Yun Family's Ninth Child is an Imp! Chapter 93

Yun Chushan's eyes flashed. "It wasn't easy to obtain the test qualification of the Linghua faction, so naturally, we can't waste it. Why don't we let someone with ability take the test for You?"

"Someone with ability? Then who can do it? Can Big Brother Go?" Yun chujiu tugged at the corner of her clothes and said awkwardly.

Yun chuyi hurriedly waved his hand. "Little Jiu, this is your opportunity. How can you let me go?!"

Yun chushan quickly said, "Little Jiu, Big Brother can't do it. You're a girl. The one who should be replacing you should be a girl."

Yun chujiu clapped her hands. "Third sister, you're really too smart! Then let third sister you..."

Although Yun Chushan tried her best to hide it, she still couldn't hide her joy. Just as she was about to pretend to decline a few words, she didn't expect Yun chujiu to continue, "No, third sister, you're too old. Let fifth sister go instead of me!"

Yun Chushan almost fainted from anger!

Did you do it on purpose?!

Also, who are you calling Old?! She's only seventeen years old, alright?! Yun Chuwu was only one year younger than her!

Yun Chuwu was just about to decline when Yun Chuqi poked her. Yun Chuwu was stunned and didn't say anything.

Ever since the incident in the Beast Forest, Yun Chuqi and Yun Chushan had completely distanced themselves from each other. Instead, they became closer to Yun Chuwu.

Yun Chujiu looked at Yun Chuqi with admiration. Aiya, this seventh sister was quite smart!

“Grandfather, it’s settled then. Fifth sister will go in my place! I Won’t go! We’re sisters anyway. It’s the same no matter who goes!” Yun Chujiu said to Yun Xiaotian with a smile.

Yun Xiaotian was also an old fox. He immediately understood Yun Chujiu’s intentions. His heart moved. This was also good. It was just the right time to test everyone’s thoughts.

“Alright, if that’s the case, then let Chuwu Go!”

The others did not have any objections. Only Yun Xiaobo was anxious. “Big Brother! This isn’t fair! Why should Chuwu go on behalf of Yun Chujiu? If she wants to go, she has to be orderly. It should be Chushan who goes!”

“Grandfather, don’t say anymore! Chuwu and Little Jiu are cousins. There are differences in intimacy. How can I compare with Chuwu?” Yun Chushan was aggrieved like a little white lotus.

When Yun Xiaobo heard this, he was indeed anxious. “HMPH! Family head, Our Yun family is one. How can you convince the masses by treating us differently? !”

Yun Chujiu’s eyes narrowed slightly. This second elder was also brainless. It seemed that this fake White Lotus was the one who ruined everything. It was a good opportunity to take her away so that she wouldn’t get involved at home.

Yun Xiaotian couldn’t help but smile bitterly. “There’s a difference between being close and distant? Second Brother, all these years, I, Yun Xiaotian, have felt that I am worthy of everyone here. Take this incident as an example. The token was originally Little Jiu’s. I will give it to whoever little jiu says! “!

“But little jiu has always been thinking about her brothers and sisters at home. She took the initiative to say that she wanted to bring her brothers and sisters to participate in the test. I did not expect that before I had the time to say it, you and Chushan would do something like this. It really disappointed me to the extreme!”

Yun Xiaobo was choked to the point of being speechless. His old face turned red as he said embarrassedly, “Big Brother, I was... I was just being impatient! Little Jiu, yes, Little Jiu is indeed a good child.”

The corner of Yun Chujiu’s eyes twitched. This second elder was really thick-skinned. No wonder he didn’t receive any punishment even after being a demon for so many times.

“Second Elder, elders, brothers and sisters, don’t praise me yet. Actually, grandfather’s words are not entirely correct. Normally, the token in my hand can only allow me to participate in the test alone. The reason why I brought everyone here is because I’m hoping to get lucky. I want to see if there’s a chance when the time comes. Actually, the chances of success are not very high.” Yun chujiu was not stupid, let’s put the ugly words first, so that we won’t have to complain later.

“Little Jiu, it’s good enough that we can go and see the big scene. Don’t worry, Sixth Brother Won’t blame you if it succeeds or not.”

“That’s right! We all have eyes, unlike some people who don’t recognize the kindness of others!” Yun Chuqi was as venomous as ever.

Yun Chushan’s face flushed red, and she even hated Yun Chuqi in her heart.
