

The Yun Family's Ninth Child is an Imp! Chapter 939

The Palace Mistress regained her senses and said coldly, "Anyone can boast. Let's not talk about anything else. Ascending requires the test of nine heavenly lightning bolts. I'm afraid that you won't be able to stand all nine. Let's talk about it after you pass this test."

The Palace Mistress realized that after she said that, Di Beiming and the other two bodyguards had strange expressions on their faces. She frowned slightly, 'What was going on? She was right. Why did they have such expressions?'

An Feng thought to himself, 'My lady, you seem to have misunderstood the situation of Tian Lei and Ninth Miss. When the time comes, the one who will be sad will probably not be the Ninth Miss but Tian Lei, okay?!

'Don't mention nine bolts of heavenly lightning, even 9,000, or 90,900 bolts would not be able to do anything to this Little Devil. The one who would run away, in the end, would definitely be Tian Lei, okay?!

The Palace Mistress did not know the inside story and misunderstood that they were worried about Yun Chujiu. She said coldly, "If you can't even withstand the heavenly lightning tribulation, then you don't have the qualifications to ascend. Just give up!"

Yun Chujiu looked like she was in tears of gratitude. "Palace Mistress, I did not expect you to think so much for me. You even thought about my trials and tribulations. No wonder brother Beiming told me that you are the kindest and most magnanimous person. You have always been sharp-tongued, but in fact, you are extremely soft-hearted. You say that you don't like me, but in your heart, you have always been thinking about me. I didn't believe it at first, but now, I believe it!"

The Palace Mistress was choked by Yun Chujiu's words. If she said that she was not worried about her, then that would be unkind? But to say that she was worried about her? Ptui! She wished that this Little Trash would not succeed in her trial. She could not say something that went against her heart.

Di Beiming felt that his mother was no match for Yun Chujiu, so he could only attempt to smooth things over. "Mother, you haven't had dinner yet, right? Let's have dinner first!"

The Palace Mistress snorted coldly. "I have no appetite. Come back with me. Your father has come out of closed-door cultivation. I have something to talk to you about!"

Di Beiming frowned. Just as he hesitated, Yun Chujiu said with a smile, "Brother Beiming, since uncle is looking for you, then you should go back with the Palace Mistress. Don't worry, I will cultivate well and strive to enter the Tian Yuan Academy as soon as possible."

The Palace Lord's wife snorted coldly. This Little Trash had good judgment, but it was a pity that her background was too low. She would not be able to cause any trouble again once Beiming is taken away.

"Palace Mistress, if you have time, come and take a stroll. Next time, you don't have to prepare such a big red packet for me. Every time you visit, you give me such a large amount. I feel a little bad in my heart." Yun Chujiu said with a smile.

The Palace Mistress wished that she could slap this Little Devil to death. She endured it and squeezed out several words from between her teeth, "Take care of yourself! Beiming, let's go."

Yun Chujiu waved her little handkerchief to send Di Beiming and the Palace Mistress off. She then began to indulge in her own little days once again.

To maintain the same progress as Feng Ming and the other two, she deliberately slowed down her cultivation speed. It was not bad to consolidate her foundation.

After showing off for a few days, she finally remembered her initial goal and decided to pay a visit to Yun Chusi and the others to see how the effects of the Universal Essence Cleansing Pill were.

Before Yun Chujiu went to look for them, the Yun siblings came to look for Yun Chujiu excitedly.

“Little Jiu! Your pills are amazing! In less than half a month, I’ve advanced two levels!” Yun Chuqi said excitedly.

Yun Chulu grinned and shouted, “Me too! Little Jiu, I wronged you back then. I thought the pills you refined were unreliable. I didn’t expect them to be so awesome!”
