

## The Yun Family's Ninth Child is an Imp! Chapter 941

Time flew by quickly. In the blink of an eye, more than half a year had passed. The spiritual power of Feng Ming and the other two had soared. At that time, they had already reached the peak of the eighth level of the spiritual emperor realm.

Yun Chujiu thought that in less than a month, the four of them would be able to ascend. Some things should be arranged for the journey.

Those days, Yun Chujiu had been holed up in the courtyard as she refined a lot of medicinal pills. She decided to make a trip to Spirit Radiance City. First, she would meet her grandfather. Second, she would arrange a meeting with the members of the Thunder sect.

Yun Chujiu first went to the Thunder Sect's medicine shop. There was a long queue outside the medicine shop. This was because Yun Chujiu had asked Yu Hai and the others to implement hunger marketing. Every day, they would only sell elixirs to the top 100 customers. Moreover, there was a limit to the number of each type of elixir.

People behaved predictably. The more they could not buy something, the more they wanted to buy it. Moreover, the elixirs sold by the Thunder Sect's medicine shop were either high-grade or super-grade. After eating them, it cleansed their bodies completely. It was worth it to pay a little extra.

When everyone saw Yun Chujiu, they greeted her one after another. Yun Chujiu's deeds had almost spread across the entire Azure Mystic Continent. Everyone was extremely respectful towards her.

However, they did not know that Yun Chujiu was the owner of the Thunder Sect's medicine shop. They only thought that the Spirit Radiance Sect and the Thunder Sect's medicine shop had some dealings with each other. They thought to themselves, no wonder the Thunder Sect's medicine shop had so many high-grade elixirs. It turned out that they had connections with the Spirit Radiance Sect.

After Yun Chujiu entered the back hall of the medicine shop, Yu Hai and the others hurriedly went forward to greet her. Yun Chujiu waved her hand and took out a few large jars of medicinal pills. "You guys keep these medicinal pills. When the time is ripe, you can open a few more branches."

When Yu Hai and the others saw the few large jars of medicinal pills on the ground, they were so scared that they almost collapsed to the ground. Oh my god, it was already scary enough when they saw the sect leader use a basin to hold medicinal pills. They did not expect that this time, she would use a jar to hold medicinal pills. It was too strange!

"Now that the Thunder Sect medicinal shop's reputation has been established, all of you should also start recruiting some alchemists and sell some ordinary medicinal pills alongside the higher end ones. This is to prevent any delays in replenishing the supply of medicinal pills after I ascend in the future. All of you can also maintain the business yourselves. Do you understand?"

Yu Hai nodded his head in agreement. "Sect master, how much longer do you have before you ascend to the Tian Yuan continent?"

"About a month. When the Tian Yuan Academy is on holiday, I will come back and deliver the medicinal pills to you." She was just that confident. She had never considered what would happen if she could not enter the Tian Yuan Academy.

"After the business is on track, you can start establishing the sect. I have informed Master Xuanyuan that if you have any problems in the future, you can seek help from the Spirit Radiance Sect."

After Yu Hai and the others nodded their heads in agreement, Yun Chujiu gave some instructions before leaving the Thunder Sect's medicine shop and heading to the Yun residence.

"Grandfather! Grandfather! Little Jiu is here to see you! Did you miss me?" Yun Chujiu rushed into Yun Xiaotian's study.

Yun Xiaotian could not help but laugh when he saw Yun Chujiu jumping into the room. "You're already a big girl, why are you still like a child!"

Although Yun Xiaotian was scolding her, his tone was full of warmth. Little Jiu had become the hero of Azure Mystic Continent from a lowlife that everyone despised. It made him feel incredibly proud.

"Grandfather, even if I grow to be a hundred years old, I will still be a little girl in front of you. Hehe, grandfather, the medicinal pills I gave you last time were not bad, right? I see that your spiritual power has increased a lot!" Yun Chujiu said with a smile.

Yun Xiaotian smiled and nodded. "Not bad. I originally thought that I would never be able to reach the level of a spirit cultivator in my life. I did not expect that after eating the medicine you gave me, I broke through. It seems that I have hope of achieving the level of a spirit cultivator!"
