

## The Yun Family's Ninth Child is an Imp! Chapter 943

"Junior Sister Little Jiu, how do you plan to help us resist the Heavenly Lightning during the trial?" Feng Ming asked in a low voice.

"Don't worry, I'm always dealing with Heavenly Lightning. If it's a familiar cloud, I'll just bribe it. If it's a newbie, I'll have a way to provoke them. They hate me to the bone now. As long as I flirt with them a little, they won't care about you. When the time comes, you'll just have to hide further away. However, you'll probably have to suffer one or two lightning strikes at the very least. Otherwise, you won't be able to fool them, understand?"

Feng Ming and the other two nodded in agreement. Even so, they were still a little nervous as they waited anxiously for the arrival of the Heavenly Lightning.

After a while, four Wu Yun drifted over from afar. It was clear that one Wu Yun was assigned to each one of them.

Feng Ming and the other two were dumbfounded. One Wu Yun per person. It would not be so easy for Junior Sister Little Jiu to cheat after all. They would not be directly struck to death, right?!

Yun Chujiu glanced at the four Wu Yun in the sky. They were all young and new, Yun Chujiu placed her hands on her hips and started to provoke them. "Hey! Are you guys planning to split up and attack me? If you guys all attack together, it won't work! I advise you guys to split up and attack me together. Otherwise, there will be no effect on me at all!"

Unexpectedly, the four Wu Yun did not pay attention to Yun Chujiu. Instead, they obediently took their place above each person. With a rumble, four purple lightning bolts struck Yun Chujiu and the other two.

Yun Chujiu did not feel anything much so she did not care. Although Feng Ming and the other two were not injured, they had consumed a lot of spiritual power enduring the attack, so she was worried.

Yun Chujiu frowned. Something was not right. Why did these young Wu Yun not pay attention to her? It was extremely strange.

What Yun Chujiu did not know was that when Yun Chujiu broke through to the eighth level of the spiritual emperor realm, those Wu Yun helped Yun Chujiu destroy the Godly Devil Hall. When they went back, they were criticized, saying that they had harmed innocents, and a few of them were destroyed. When they appeared for the trial, they had especially been warned that they were not allowed to make a mistake.

Yun Chujiu changed her tactics and cursed again. The second bolt of Heavenly Lightning still struck four people each. Feng Ming and the other two had to take another bolt of Heavenly Lightning. The three of them felt suffocated and almost spat out a mouthful of blood.

Yun Chujiu frowned. This couldn't go on. Senior brother Feng Ming and the others could only withstand five bolts of lightning at most. Yun Chujiu rolled her eyes and had an idea.

Yun Chujiu summoned the Three Silly Munchkins and stuffed one each into Feng Ming and the other's hands. "You three take a few hits for them."

Little Black Bird did not care. Little Black Rat and Little Red were stunned. They were about to say something but Yun Chujiu glared at them. "How can you see the rainbow without experiencing the wind and rain? Your level is not high enough to ascend in the first place. You got this far because of me. It's time to earn your place. You won't die even if you take three or five hits. Stop wasting time!"

Little Black Rat and Little Red had no choice but to reluctantly lie on Geng Yi and Shi Xuan's bodies, ready to help absorb the lightning strikes.

Little Black Bird stood on Feng Ming's shoulder, looking as if it did not care at all. Not to mention three or five lightning bolts, even thirty lightning bolts would not be a problem for him now.

Feng Ming and the other two knew that Yun Chujiu's three spiritual pets were not ordinary ones, so they did not decline. With their help, they would definitely be able to endure all nine lightning bolts.

Feng Ming and the others were ready, but the four Wu Yun in the sky were dumbfounded!
