

## The Yun Family's Ninth Child is an Imp! Chapter 949

The next half-day went smoothly. Although they encountered a few demonic beasts, they were all below level 14 and did not pose a threat to the four of them.

However, Yun Chujiu was very uneasy. Wolves had always lived in groups. Today, they only encountered one Demon Wolf at noon. It was unusual. Either that demonic wolf was a lone wolf that was driven out by the wolf pack, or it was sent out to look for food. If it was the former, it would be easier to deal with it. If it was the latter, it would be bad. The wolf's desire for revenge was extremely strong. If they were targeted by the wolf pack, they would most likely be in deep trouble.

At night, everyone found a slightly raised sand dune. They lit a bonfire at the back and took turns to be on guard. They began to rest.

At midnight, Feng Ming, who was in charge of the guard, woke up Yun Chujiu and the other two in fear. Yun Chujiu looked in the direction that Feng Ming pointed to and saw several dark blue eyes staring at them fiercely. Only when they got closer did she realize that there were fifteen Demon Wolves.

Three words flashed across their minds. They were dead for sure!

Just one Demon Wolf in the morning had taken everything they had to kill it. Now that there were fifteen of them, how could they survive?!

Yun Chujiu could not help but smile bitterly. What she feared had come true. One of them could be killed with a little trickery. Now that fifteen of them had come at once, there was nothing she could do no matter how hard she tried! Now, she had no other choice but to fight them head-on.

Yun Chujiu observed for a moment. There was a wolf in the Southeast corner that was slightly smaller in size. It should be the one with the weakest spiritual power. She could only try to find a breakthrough point there and then run away.

Yun Chujiu whispered her plan to Feng Ming and the other two. After Feng Ming and the other two heard it, the four of them immediately trembled, looking like they were scared out of their wits.

The Demon Wolf pack howled. These four humans were too timid. They were already so scared before they even attacked. They were too weak.

Just as the Demon Wolf pack was feeling proud, Yun Chujiu and the other three suddenly attacked the Demon Wolf in the southeast corner.

The Demon Wolf was the youngest and was laughing at the humans along with the other Demon Wolves. They did not expect Yun Chujiu and the other three to suddenly attack it. When it saw several spiritual attacks coming towards it, it subconsciously dodged to the side. Yun Chujiu and the others immediately jumped through the gap and ran for their lives.

Yun Chujiu threw out the Demon Beasts Corpses as she ran, hoping she could delay them for a while. She did not expect the Demon Wolves to be so cunning. They left two Demon Wolves to guard the corpses, while the other Demon Wolves continued to pursue Yun Chujiu and the others.

These Demon Wolves had always lived in the desert. Their running speed was much faster than Yun Chujiu and the other three. The wolves soon caught up to them.

Yun Chujiu used the same trick again. She threw a few sacks of chili and pepper noodles. Although she initially distracted a few Demon Wolves, they soon stopped falling for her tricks. Yun Chujiu and the other three were once again encircled by the wolf pack.

Yun Chujiu had already used up all her dirty tricks. The four of them could only fight head-on.

Yun Chujiu also released Little Black Bird, Little Black Rat, and Little Red. They engaged in a chaotic battle with the pack of Demon Wolves.

Whether it was in terms of numbers or strength, there was a huge gap between the two sides. Soon, Feng Ming and the other two were injured, and the Demon Wolves became even more rabid when they smelled fresh blood.

Yun Chujiu threw a few bottles of heaven-grade blood coagulation pills and exploding spirit pills to Feng Ming and the other two. After the three of them consumed them, they barely managed to hold on.

Fifteen minutes later, Feng Ming and the other two had already fallen to the ground with serious injuries. The Demon Wolf pounced on them and was about to bite them when Yun Chujiu suddenly remembered that there was a protective array in her storage ring. She quickly activated the protective array.
