

## The Yun Family's Ninth Child is an Imp! Chapter 952

The pressure from these Demon Tigers was even stronger than the Demon Wolves from before. Yun Chujiu's heart was once again covered with a layer of doubt. The remnant souls had just come out to chase off the wolves, and their bodies had already become increasingly faint. If she released them again, some of the weak souls would probably dissipate. She had already brought them out of the ancient sword tomb, if she allowed them to lose their lives just to save her, she would feel uneasy.

The ten Demon Tigers slowly drew closer. Yun Chujiu gritted her teeth and decided to fool them for a while. At the very least, it would give Feng Ming and the other two some time to recover, hence, she smiled coldly at the Tiger King. "Little Kitten, the Little Puppy did not dare to do anything to us. Are you going to take the risk?"

The Tiger King looked around in confusion. Little Kitten? Where did this cat come from in the desert?

Suddenly, it reacted. F\*ck! This little girl was talking about me! Was 'Little Puppy' referring to the Demon Wolf King from before?

The Tiger King glared at Yun Chujiu fiercely and opened its bloody mouth to roar. Yun Chujiu had an unimpressed expression and she did not even retreat, her tone was still cold. "You guys should be smarter than those puppies, right?! After all, your levels are higher than theirs."

The Tiger King arrogantly raised its head and thought, 'What nonsense. Naturally, we're much smarter than those stupid wolves.'

"If that's the case, why are you still surrounding us? We don't need bodyguards, why aren't you leaving yet?!" Yun Chujiu waved her hands at the group of tigers.

The group of tigers subconsciously took a few steps back. The Tiger King was so angry that he roared twice, 'F\*ck, are you my subordinates or this stinky girl's?! She said to retreat and you guys just retreated?!'

A few Demon Tigers dejectedly took a few more steps forward and glared fiercely at Yun Chujiu. It was all because of this stinky girl that they were fooled.

The Tiger King's big eyeballs rolled around, 'These four humans had indeed run over from the Demon Wolf's territory. Logically speaking, they were weak, so how did they escape? Could there be something fishy?'

Yun Chujiu saw that the Tiger King was a little suspicious, she then said, "Little Kitten, we don't interfere with each other's business. We are just passing by, there is no conflict at all. If you let us go, I will not treat you unfairly. I will give you some demon beast meat, I guarantee that you will be full. It is better than eating the four of us skinny people, right?"

The Tiger King rolled his eyes, wondering if the Demon Wolves earlier was bought over by the little girl's demon beast meats? Tch! How stupid of them. The demon beast meat naturally would be eaten, and the four humans would then be dessert.

The Tiger King glanced at Yun Chujiu and then roared a few times. Yun Chujiu quickly took out a few large pieces of the Bloodthirsty Sword Shark's meat. She did not do anything this time because this Tiger King was much smarter than the Lone Wolf. She did not want to make things worse.

These demon Tigers had never eaten the flesh of sea beasts before. When they ate it out of the blue, they felt that the taste was very strange, so they fought each other for a chance to eat more.

However, the Tiger King was very vigilant. He kept two tigers watching Yun Chujiu and the others, afraid that they would take the opportunity to escape.

Although there was a lot of Bloodthirsty Sword Shark meat, it was not enough to feed all the Demon Tigers. Soon, it was almost gone. When Yun Chujiu saw that Feng Ming and the other two had almost recovered, she gave them a look and the four of them suddenly ran forward.

The two Demon Tigers on guard had watched the other Demon Tigers eat and did not pay attention to Yun Chujiu and the other two when they escaped.

The Tiger King was so angry that he roared and mauled the two careless tigers. Then, he led his subordinates in pursuit of the four.
