

## The Yun Family's Ninth Child is an Imp! Chapter 953

Yun Chujiu wanted to cry, but no tears came out. After ascending, people would go shopping and enjoy the scenery. Instead, she was put in life-or-death situations one after the other!

The Tiger King roared from behind. It had always thought of itself as smart, but today, it was deceived by a little girl. One could imagine how embarrassed and angry it was.

In just fifteen minutes, Yun Chujiu and the other three were once again surrounded by the group of tigers.

"Junior Sister Little Jiu, I'm afraid we really can't escape now," Geng Yi said while panting. They could barely stand, let alone fight a group of tigers.

Yun Chujiu's physical strength was slightly better than theirs, but she had no idea how to escape at all. The chili and pepper noodles were already used to deal with the demon wolf just now, and the remaining items she had were of no use. This time, there was no way out.

The Tiger King approached Yun Chujiu step by step. F\*ck, it had to eat this little girl first. It was enraged at being lied to so casually.

Just as Yun Chujiu was about to summon her five immortal swords to fight the Tiger King to the death, a bolt of purple lightning as thick as an adult's arm suddenly flew from the thick clouds in the sky, heading straight for Yun Chujiu.

The Tiger King was almost scared to death. With a whoosh, it retreated hundreds of feet away. The other Demon Tigers also dodged it. This heavenly lightning was no joke. Once it struck the body, it would either kill or injure it.

Yun Chujiu's heart was filled with joy. The Lightning in the Tianyuan Continent was much cuter than the lightning in the Azure Mystic Continent. It came at the right time! Hahaha!

The Tiger King saw that not only did Yun Chujiu not dodge, but she was also laughing foolishly. He thought to himself, could this little girl have lost her mind from being scared silly? This strike would at least take away half of her life. At that time, it would not be too late to eat her.

However, something that made it dumbfounded happened!

Although the lightning struck the little girl's body, nothing happened to her. Moreover, she seemed to be very comfortable.

How was this possible?

The Tiger King blinked his eyes with great effort. At the time, a second bolt of heavenly lightning also fell from the clouds. It still struck the little girl. The little girl still did not dodge and happily allowed the heavenly lightning to hit her repeatedly.

Just as the Tiger King was in a daze, he saw the little girl give a mischievous smile. Then, she happily jumped towards him. The Tiger King immediately understood what Yun Chujiu meant and was so angry that he almost fainted!

This damn little girl was really wicked. She was planning to let the heavenly lightning strike it to death. It was too wicked!

The Tiger King was so scared that he repeatedly dodged. Yun Chujiu said with a smile, "Little Kitten, don't run! Didn't you want to eat me? Come and eat me now."

The Tiger King wanted to kill this damn girl with a swipe of its claw. However, when it saw the lightning and the heavenly power contained in it, it retreated hundreds of feet with its tail tucked between its legs.

Yun Chujiu did not chase after it. Instead, she glanced at the other demon Tigers with ill intentions. Those Demon Tigers were so scared that they did not bother surrounding Yun Chujiu and the other three. They also fled alongside the Tiger King.

Yun Chujiu hooked her finger at the Tiger King. "Little Kitten, come on! There won't be such a free meal like us after this. If you don't eat me, I will leave!"

The Tiger King was so angry that it howled. It thought to itself, "Don't be so smug. After the Lightning stops, I will chase after you and eat you."

Yun Chujiu naturally understood this point. When Feng Ming and the other two recovered a little, she would let them run as far as possible. She would use the power of lightning to discourage the group of tigers from giving chase.

At that moment, Wu Yun in the sky was also dumbfounded!

F\*ck!

When did such a monster appear in the Tianyuan continent? It had already struck her seven or eight times, but why was she completely fine?!
