

## The Yun Family's Ninth Child is an Imp! Chapter 959

Yun Chujiu shot a glance at the man who spoke. Very good, I will remember you. Let's meet at Tianyuan Academy and see how I will deal with you when the time comes.

Following the man's words, the other people also started to jeer.

At this moment, the red-clothed girl walked out. Although her clothes were still red, it was obvious that she had changed into another set. When she saw Yun Chujiu and the others, she curled her lips, then, she said to the waiter behind her, "Since when can anyone enter the Long Wind Inn? I remember that the Palace Mistress had said at the banquet that those who could enter the Long Wind Inn were either outstanding or influential figures. Could it be that the rules have changed now?"

When the waiter heard the girl in Red's words, he nodded and said humbly, "Miss Su Lian's words make sense. I'll drive these four people out right now. Not everyone can enter our Long Wind Inn."

After the waiter finished speaking, when he arrived in front of Yun Chujiu and the others, his expression immediately changed. "Our Long Wind Inn is already full. There's an inn with a hundred low-grade Spirit Stones for one room in the north of the city. You'd better head over there. Leave quickly and don't disrupt our business."

"It's fine if we don't go in. Call your shopkeeper out. We have matters to discuss with him." Yun Chujiu was so angry that she was amused. I do not have anything else right now, but I do have plenty of Spirit Stones. Buying this Long Wind Inn would be easy. She was always despised by a shop's assistants. She had been used to it for a long time.

"Tch! Our shopkeeper is busy with work every day. How would he have the time to see you poor people? Hurry up and scram, or else don't blame me for taking action!" The waiter had always suffered the wrath of the customers. Finally, he had someone to vent his anger on. His words became more and more hostile.

Yun Chujiu smiled and waved at the waiter. "Come here. I have something to talk to you about."

The waiter thought that Yun Chujiu was going to bribe him with Spirit Stones, so he walked up to Yun Chujiu and asked, "What's the matter?"

As soon as he said "The matter", Yun Chujiu kicked the waiter's lower abdomen. The waiter was caught off guard, so he was kicked by Yun Chujiu and fell on the stairs.

Everyone was stunned!

No one had expected that this little girl would make a move at the slightest disagreement. Did she know what she had just done?

As the saying goes, one had to look at the owner before beating up a dog. This Long Wind Inn was the property of the Hall of Longevity. The guests who usually stayed here were either rich or noble, but they would only verbally scold these waiters. No one dared to make a move, for fear of offending the Hall of Longevity.

Moreover, that waiter was on the second level of the Spirit sect, and this little girl was only on the first level of the spirit sect. How could he be kicked down? This waiter was too useless!

The waiter was dumbfounded for a long time before he finally got up. He never dreamed that he would be beaten up by someone! And it was a piece of trash whose spiritual power was inferior to his!

"Stinky Girl, you dared to hit me! You don't want to live in the Tianyuan Continent anymore, do you?!" The waiter's face looked ferocious as he gnashed his teeth and said.

"Hmph! I'm hitting a snobbish person like you! The Inn is a place that welcomes guests from all over. What right do you have to speak ill of us?" Yun Chujiu said coldly.

“You b\*tch! Alright, you’re the one who attacked first. Don’t say that I’m bullying trash like you!” After saying that, the waiter raised his hand and was about to slap Yun Chujiu.

Yun Chujiu dodged the waiter’s palm. She then turned around and appeared behind the man. She kicked the man’s back and the man flew toward the stall selling roasted spirit potatoes across the street, the man was scalded until he cried out in pain.
