

The Yun Family's Ninth Child is an Imp! Chapter 96

Under the instructions of the Yun family members, Yun Chujiu and the others mounted their horses and set off valiantly and proudly.

An Feng, who was in the corner, was about to go crazy from anxiety as he watched everyone's back view!

Why did this ninth miss suddenly have a stroke and want to go to the Ling Hua sect? ! There was no warning at all!

But this damn voice transmission talisman actually broke!

It really killed him! ! Why did everything go wrong when he met this black girl? !

If, after half a month, the honorable sir came and found that the ninth miss was gone, OH God, the consequences would be unimaginable!

What should he do?

An Feng struggled for a while and hurriedly left a message under the roof tile. He also left a secret mark before secretly following Yun Chujiu and the others.

After all, his mission was to protect Miss Jiu. As for his majesty, he could only hope that this ancestor would not destroy ye city in a fit of anger.

Yun chujiu did not know about an Feng's worries. This fellow was so happy now!

First, he bought a large pile of pastries at the pastry shop, then he bought a large pile of cooked food at the delicatessen shop, and finally, he went to the grocery store to get a large bag of candied fruits.

Yun Chushan couldn't help but twitch her lips. She wanted to say something sarcastic, but unfortunately, Yun Chuwu and Yun Chuqi ignored her now. She could only curse in her heart. Foodie! Good-for-nothing! Useless!

Yun Chujiu bought good food and went to the pharmacy to buy some medicinal herbs for daily use. Then, she waved her hand and said, "Go out of the city!"

Once out of the city, Yun Chujiu was like a wild horse that had gone out of control. She didn't know how to show off.

Picking wild flowers by the roadside! Picking wild fruits by the roadside! Looking at the handsome men by the roadside!

Unfortunately, when the passers-by saw Yun Chujiu's dark face and the gorgeous small bag, they all looked like they had seen a yaksha. None of them went up to her.

Yun chujiu grumbled unhappily, "Xiao Hei, Xiao Hei, just because of you, master, I have missed so many beauties! When you wake up, I will definitely teach you a lesson!"

"Forget it, these people with no taste really have no taste. They're not even as good-looking as a gigolo! Who cares! HMPH!"

Yun Chuwu, who was beside her, frowned. "Xiao Jiu, what are you mumbling about? Why Do I Hear Something About Beauties and gigolo? Are you going to go back to your old habits?"

Yun chujiu blinked her eyes. "Fifth sister, did you hear wrongly? I'm talking about Mei Jing and the Little White Rabbit. I'm a little hungry and I'm thinking of killing a few wild rabbits to satisfy my hunger!"

Yun Chuwu looked at her suspiciously and warned, "Little jiu, although we will listen to you this time, if you do anything out of line, as your sister, I will not forgive you!"

Yun Chujiu shrunk her neck. "Fifth sister, don't worry. I promise to be obedient."

Although Yun Chujiu said it well, everything looked fresh and fresh. She would not be able to travel much in a day.

Moreover, she had quite a lot of banknotes with her. She would definitely be able to stay in a high-class room in a big inn, and every meal would definitely be a sumptuous feast.

It was also the first time Yun Chuwu and the others went on a long journey. Moreover, they were all young, the age that they loved to play, so they let Yun Chujiu do whatever she wanted.

The Ling Hua sect was not particularly far from ye city. If they rode on a flying spirit tool, it would only take one day, but Yun Chujiu and the others would need at least half a month to arrive by horse.

After leaving the Donghua nation's borders, Yun Chujiu's spending was obviously much more restrained. This was because silver notes were not commonly used in other countries, and could only be spent in gold and silver.

The closer the town was to the Ling Hua sect, the more different it seemed from ye city. In these places, the spiritual Qi was obviously thicker than in Ye city. The people's cultivation levels were also not bad. The Yun siblings were already outstanding in ye city, in this place, they became quite ordinary.

Yun Chujiu and the others were now facing a very serious problem. They were going to go hungry!
