

The Yun Family's Ninth Child is an Imp! Chapter 964

The triangular-eyed man shouted, "Little girl if you dare to touch me, my father will not forgive you!"

"Your father? So you haven't weaned at this age?! You still want to ask your father for help! Who is your father?" Yun Chujiu gently cut the man's neck with the kitchen knife, and a trickle of blood began to flow.

The man was in so much pain that he cried like a ghost and howled like a wolf. "My father is Yin Qingbo of the Yin family, and the head of the Yin family is my uncle. If you dare to touch me, the Yin family will not forgive you!"

"Oh, so it's the Yin family!" Yun Chujiu said slowly.

"Hmph! You know fear now, right?! Quickly let me go and kowtow to me as an apology. I might be in a good mood and take you in as a concubine, and you'll soar to the sky in one step!" The triangular-eyed man said proudly.

Yun Chujiu smiled coldly. She took the large kitchen knife and cut a large cross on the man's face. The man was in so much pain that it was as if he was killing a pig. "Stupid girl, you're courting death! My father won't forgive you!"

"You always end up mentioning your father. You're promising! Also, scum like you is an embarrassment to the Yin family. I heard that the Yin family is one of the most famous families in the Tianyuan Continent. Is this how the family usually behaves? You insulted others and bullied the weak. I have learned a lot about the people of this continent today!" said Yun Chujiu disdainfully as she kicked the triangular-eyed man to the ground.

"Stinky girl! You are dead meat! You! Just you wait, our Yin family will not forgive you!" The triangular-eyed man took a pill to stop the bleeding and replied fiercely.

“You will not forgive me? Do you know who I am?” Yun Chujiu asked with a smile.

“Who are you? Aren’t you just a piece of trash from the Tianyuan Continent?” The triangular-eyed man was dazzled by Yun Chujiu’s smile. ‘This stinky girl was really pretty. F*ck, I will definitely f*ck you if I had the chance!’

“I’m sorry, the Palace Mistress of the Hall of Longevity is my aunt! If you think that your Yin family is stronger than the Hall of Longevity, then feel free to try. Let’s see if your Yin family can withstand the wrath of the Hall of Longevity!” Yun Chujiu felt that this feeling of bullying others was f*cking awesome! The old witch had done a good deed by giving her this identity!

Some of the people who came to register whispered, “That’s right. A few days ago, this little girl argued with the second miss of the Yin clan at the entrance of the Long Wind Inn. Shopkeeper Qi personally said that this little girl is the daughter of the Palace Mistress’s old friend and has been staying in the Long Wind Inn for the past few days.”

“No wonder this little girl is so arrogant. It turns out that she also has someone powerful behind her.”

“Of course. If she wasn’t so young, how could she have ascended? It must have been the Palace Mistress who secretly took care of her.”

“What you said makes a lot of sense! I’m afraid that Yin Xuecheng will fall this time. No matter how arrogant their Yin clan is, they wouldn’t dare to go against the Hall of Longevity.”

“However, if they don’t dare to do it on the surface, it’s hard to say in the dark. This little girl just offended the second miss of the Yin clan a few days ago, and now she has offended Yin Xuecheng. If she really ends up entering the Tianyuan Academy, there will definitely be endless trouble.”

“I think you’re thinking too much. How can she possibly get into the Tianyuan Academy with her aptitude?! The Tianyuan Academy has always had a reputation as a place for people with special status. Even the Palace Mistress has no way of interfering with the Tianyuan Academy’s enrollment process.”

...

Upon hearing Yun Chujiu and the others' words, Yin Xuecheng was so angry that he gritted his teeth. He naturally didn't dare to go against the Palace Mistress, "Damned girl, for the sake of the Palace Mistress, let's forget about today's matter. If there's a next time, I'll punish you even if I have to risk offending the Hall of Longevity."
