

The Yun Family's Ninth Child is an Imp! Chapter 98

When those gossipers saw this, they embarrassedly said a few sarcastic words and did not say anything more.

Yun chujiu relied on her small stature and continuously squeezed forward. Finally, she squeezed to the front and saw a few people wearing the Linghua sect's clothing sitting behind a long table. There were two types of people who registered. One was to directly take out the registration token, the other was to conduct a test on the spot.

However, the requirements for the test were very harsh. Yun chujiu glanced at it. Seventeen and sixteen years old required a spirit enhancement of the sixth level, fifteen and fourteen years old required a spirit enhancement of the fifth level.

Yun chujiu frowned. Not a single member of the Yun family had met the requirements. If they followed the procedure, they definitely wouldn't have a chance! She could use the token given by Elder Sun to sign up herself, but what about Yun Chuwu and the others? ! She couldn't have come all the way here for nothing, right? !

Yun chujiu exited the crowd and told them what she had seen. Although Yun Chuwu and the others were mentally prepared, they couldn't help but feel a little disappointed.

Yun Chushan glared at Yun chujiu hatefully. She thought to herself that she was really taking advantage of the situation. She should have given her token to Yun Chujiu.

Although the Yun family members couldn't hide their disappointment, since they were already here, they should just watch the show. After all, such an opportunity was very rare.

Yun Chujiu's little head was spinning rapidly. How could she get Yun Chuwu and the others to sign up as well?

To look for elder sun? It was obviously impossible. Not just anyone could enter the Ling Hua sect. Moreover, elder Sun's status was extremely high. Even if she could use some small means to meet elder sun, it would still take a long time. By then, it would be too late.

Why not beat up the person who signed up and force him to sign up?

Cough Cough, let's not talk about whether he could beat them up or not. Smashing the spirit flower sect's territory was courting death!

Bribe them? ! Not to mention, she was so poor that she was selling horses. How could she have any spirit pearls or spirit stones to bribe them? !

Just as Yun chujiu was frowning in confusion, there was a small commotion in front of her.

"You only have one registration token in your hand, so you can only sign up alone. As for you, I'm sorry, you don't qualify to sign up. Please go back! "

"Senior brother, elder Xiao only has one registration token left. We're siblings, so please make an exception! "

Yun Chujiu was stunned. This voice? Wasn't this the voice of the white trash?

Yun chujiu squeezed to the front and took a look. It really was Bai Moyu and Bai Morou. It was strange. Why were they here?

The disciple in charge of the registration looked at Bai Moyu and Bai Morou. "Elder Xiao? which elder Xiao? "

“Xiao Panshi from the West Peak, elder Xiao.” Bai Moyu and Bai Morou had already met elder Xiao a few days ago. Elder Xiao had originally given them two registration tokens, but coincidentally, when Bai Morou was shopping, he actually let someone take them away.

The Bai siblings were afraid that elder Xiao would blame them, so they didn't dare to ask for another token. They were prepared to fool around first. If they went over, they didn't need to look for elder Xiao anymore.

When the disciple in charge of registration saw that there was indeed the word “Xiao” on the back of the registration token, he was a little hesitant.

This disciple happened to be a disciple of West Peak. Elder Xiao was the hall master of West Peak's Law Enforcement Hall, and he was a famous black-faced fiend. It was better not to provoke him. After all, he was only qualified to register, and even if he registered, he might not be able to pass the test.., he might as well do him a favor.

“Alright! Alright! Go over there and get the test jade token!” The disciple waved his hand, indicating that Bai Moyu and Bai Morou had passed.

When Yun Chujiu saw this, her eyes immediately lit up. Aiyo, you can do this? !

Yun chujiu hopped in front of the disciple and handed over the registration token that elder Sun had given her!
