

The Yun Family's Ninth Child is an Imp! Chapter 985

Yin Xinlian could not believe her ears. Baili Yan, who was beside her, covered her mouth and laughed, "Sister Yin, your excellency can't stand strange smells. You'd better stand back a little. If the smell ruins your Excellency, you won't be able to bear the consequences."

Yin Xinlian's face flushed red. She wished she could find a hole to hide in. She glared at Baili Yan with hatred, then, she forced out a smile and said to Di Beiming, "Your Excellency, then I will pass the prescription to Shopkeeper Qi. Please send my regards to the Palace Mistress."

Di Beiming responded with a faint "Mmm".

Baili Yan saw that Qin Mingzhu and Yin Xinlian had hit a wall. She was very pleased. It seemed that the person your excellency likes must be her!

"Big Brother Beiming, are you here to see me?" Baili Yan tilted her head and asked.

Yun Chujiu was so angry that she gritted her teeth. 'Shameless! Shameless! Did you just call him Big Brother Beiming?! And you even tilted your head? Are You f*cking crazy?! Why did you tilt your head like a tilted tree!'

Di Beiming frowned, "We are not that close, and I don't have a sister! Also, is there something wrong with your neck?"

Baili Yan was instantly dumbfounded!

In the past, although His Excellency was a little fussy, he was only taciturn. Why was he so vicious today? It was too hurtful to one's self-esteem!

When she saw Di Beiming's handsome face, she thought of Di Beiming's abnormal level of spiritual power, and then she thought of the Hall of Longevity's superior status. Immediately, the trace of dissatisfaction in her heart turned into admiration.

When the onlookers saw that the three pearls had been rejected so thoroughly, they could not help but guess that His Excellency was not here for them. Perhaps he was here to visit the headmaster and teachers of the Academy. Although His Excellency had a cold personality, he still respected the headmaster and teachers of the Tianyuan Academy very much.

Just as everyone guessed at his motives, His Excellency shouted coldly at the crowd, "Why aren't you here yet?"

Everyone looked at each other in confusion. Who was His Excellency calling out to?

The Three Beauties of Tianyuan Academy's heart's skipped a beat. Could it be that His Excellency is regretted treating me like that? All the Three Beauties of Tianyuan Academy could not help but take a few steps forward. Di Beiming frowned and said, "Stay away from me!"

The Three Beauties of Tianyuan Academy felt like they were about to hit a wall. Fortunately, the three of them had embarrassed themselves together this time and it was a draw!

Di Beiming's face darkened. "Yun Chujiu! Why aren't you here yet? Do you want me to invite you?"

Everyone's eyes instantly turned to Yun Chujiu, especially some of the girls. Their gazes were like swords and knives. Yun Chujiu secretly complained in her heart. 'Pretty Boy, Pretty Boy, although your performance just now was very good, but by greeting me like this, aren't you painting a target on my back?! Can't you grow a brain?!'

Although Yun Chujiu was cursing in her heart, she did not dare tarry. She ran out of the crowd, trying to think of a way as she ran.

“Greetings, Your Excellency!” Yun Chujiu imitated Qin Mingzhu and the other two and bowed.

Di Beiming raised his eyebrows, he said impatiently, “My mother told me to instruct you to cultivate well and not to stir up trouble. If there are people who bully you, just look for Shopkeeper Qi. Also, look for Shopkeeper Qi for your tuition fees! I still have some important matters to attend to. I was just passing by to let you know. How troublesome!”

Only then did Yun Chujiu understand Di Beiming’s intention. So he was here to establish his authority. She just did not know if it would have the opposite effect! A woman’s jealousy was very terrifying!

After Di Beiming had finished speaking, he turned around and boarded his flying spirit tool then left!
