

The Yun Family's Ninth Child is an Imp! Chapter 993

Just as Feng Ming and the other two were in despair, a sudden change occurred. The originally slow purple lightning bolts suddenly sped up and flew towards the Ironfin Swordfish's eyes.

The Ironfin Swordfish was shocked and quickly dodged to the side. It initially wanted to dodge the purple lightning bolt's attack, but what happened next stunned it.

As it dodged, the Purple Lightning actually turned around and chased after it.

F*ck!

'What the hell was this?!'

'How could lightning change directions?!'

Yun Chujiu's hands were still waving, and more purple lightning bolts rushed toward it. They were much faster than the previous ones, and they were all targeting the ironfin Swordfish's eyes.

The Ironfin Swordfish was so scared that it no longer cared about Feng Ming and the other two. It turned around and ran. The lightning bolts chased after it relentlessly, and the Ironfin Swordfish was about to collapse from exhaustion!

'Damn it, what the hell was this?! If I knew that that little girl was so powerful, I would not have provoked her no matter what! Help! Someone save me!'

Unfortunately, even though the Ironfin Swordfish swam very fast, the small lightning bolts were even faster. A few small lightning bolts struck the Ironfin Swordfish's eyes.

The Ironfin Swordfish began to roll violently in the water. Then, its belly was facing up. It was dead!

Yun Chujiu put the Ironfin Swordfish's corpse into her storage ring. Then, she said to the dumbfounded Feng Ming and the other two, "Let's keep moving forward and try to get out as soon as possible!"

"Ah!"

"Oh!"

"Yes!"

Feng Ming and the other two's worldview was refreshed once again!

So Lightning could turn in the water!

So Lightning knew how to confuse the enemy!

It turned out that Junior Sister Little Jiu was a demon both on land and in the sea!

Ah. No, she seemed to be even more demonic in the water!

No wonder she chose the ocean, she was that confident!

Oh my god, they originally thought that they had already thought that Junior Sister Little Jiu was already abnormal. However, they did not expect that the abnormality was immeasurable. Junior Sister Little Jiu would surprise them with something new every time. She was truly a monster!

Yun Chujiu led the trio and continued to swim forward. The water in front of them stirred as two huge creatures swam over.

Each of them was over a thousand feet long, and the scales on their bodies sparkled. If it weren't for the fact that they did not have claws, they would have looked like the legendary divine dragons.

"Sawtooth Arowana, a level fifteen sea beast. It has a fierce temperament. Although it can't use spiritual power attacks, because of its huge size, it will directly bite its opponent. Moreover, its body is strong, so ordinary spiritual power attacks can not harm it. Its weakness is also in its eyes." Yun Chujiu described the sea beast simply and neatly.

Feng Ming and the other two thought that Yun Chujiu was just not human. Not only was her spiritual power abnormal, but her memory was also abnormal. They were together all the time, so they did not know when she studied those records, she probably remembered it after flipping through some books at the book shop. It was too depressing as a regular human.

"Junior Sister Little Jiu, how do we deal with these two Sawtooth Arowana? Do we use the same method as before?" Feng Ming asked in a low voice.

"Mm, we'll first confuse them and then react accordingly." Two Sawtooth Arowana are much more difficult to deal with than one. Moreover, these were a level higher than the Ironfin Swordfish from before, so things would not be as easy.

The two Sawtooth Arowana had already arrived in front of the four people. Their huge eyes revealed a look of disdain. They felt that killing these four weak humans would be too easy..
