

The Yun Family's Ninth Child is an Imp! Chapter 995

In a short while, the answer to their question was revealed.

A round-bodied sea beast covered in thorns swam over from across them.

“The Giant Poisonthorn Dolphin, a 16th level sea beast. The thorns on its body carry a lethal poison and can be shot out of the body. Its weakness is in its rear, but its position is extremely concealed. It also has the protection of the poisonous thorns, so it is extremely difficult to deal with.”

“In a while, I will sprinkle some ink to confuse it. You guys swim ahead, I will delay it for a while and then chase after you.” Yun Chujiu saw that the Giant Poisonthorn Dolphin was really troublesome, so she let Feng Ming and the other two retreat first.

Feng Ming and the other two also knew that they would be a burden if they stayed, so they immediately nodded in agreement, Yun Chujiu waved at the Giant Poisonthorn Dolphin. “Ugly monster, if you don’t want to die, hurry up and make way. Otherwise, I will pull out all your poisonous thorns and turn you into a naked ball!”

Although Feng Ming and the other two knew that the situation was critical, they still could not help but laugh when they heard Yun Chujiu’s words. Junior Sister Little Jiu must have been struck bald by lightning so many times that she wanted to share her suffering.

The Giant Poisonthorn Dolphin was so angry that its body swelled up. The Stingers on its body flashed with a dim light and shot towards Yun Chujiu and the others.

After Yun Chujiu dodged, she took out the ink that she had prepared beforehand from her storage ring and poured it into the seawater. Instantly, the seawater turned pitch black and nothing could be seen.

Feng Ming and the other two ran away from the bottom of the sea while Yun Chujiu secretly shot out several purple lightning bolts, trying to sneak attack the Giant Poisonthorn Dolphin.

Unexpectedly, the Giant Poisonthorn Dolphin was very smart. When it saw the seawater turn black, it was afraid that someone would sneak attack it. It used its poisonous stinger to cover its back, and the purple lightning bolts struck the poisonous stinger, it did not cause any harm to the Giant Poisonthorn Dolphin.

Moreover, the Giant Poisonthorn Dolphin could see Yun Chujiu's position through the light of the Lightning. It threw several poisonous stingers at Yun Chujiu.

Yun Chujiu quickly dodged. This guy was like throwing a stone at his own feet. The seawater was pitch black, so she could only rely on the sound of the water to determine the location of the poisonous stinger. In a moment of carelessness, a poisonous stinger pierced her calf.

At this time, the ink had already been diluted, and her vision was restored. Yun Chujiu pulled out the poisonous stingers, and then she was furious!

"Damn it! Ugly Monster, I must pull out all your poisonous stingers today! I'll chop you to death!"

The Giant Poisonthorn Dolphin rolled its eyes in disdain, 'Kill me? I'm the one who will kill you. I'll kill you first, and then go after the other three weaklings.'

The Giant Poisonthorn Dolphin's body swelled up, and several poisonous thorns charged towards Yun Chujiu. Yun Chujiu raised her spiritual energy barrier while deflecting those poisonous stingers with lightning.

The purple lightning was ideal for tracking moving targets. Although it could not do anything to the poisonous stingers, it could stop them in their tracks. After some time, the poisonous stingers could only be reabsorbed by the Giant Poisonthorn Dolphin.

Yun Chujiu and the Giant Poisonthorn Dolphin were in a stalemate.

Yun Chujiu's purple lightning could not do anything to the Giant Poisonthorn Dolphin. Similarly, the poisonous stingers of the Giant Poisonthorn Dolphin could not hit Yun Chujiu.

Yun Chujiu was very anxious. She did not have the time to waste with it. If she was eliminated due to a slower completion time, the loss would outweigh the gain. How could she quickly kill this thing?

If she wanted to kill this Giant Poisonthorn Dolphin, she had to let it shoot out the poisonous thorns near its back. Only then would her purple lightning be able to hit its weak point.

Yun Chujiu blinked her eyes, as she fought, she cursed, "Bah! To think that you are a sixteenth level sea beast! You can't even deal with me, a first level spirit sect cultivator. You are too weak! Those poisonous thorns of yours can't hurt me at all unless the number of your poison thorns doubles! Unfortunately, you don't have any more stingers, you piece of trash! Watch me use my swords!"

Yun Chujiu suddenly summoned five immortal swords to attack the Giant Poisonthorn Dolphin. The Giant Poisonthorn Dolphin was shocked and quickly dodged. 'This wretched girl was really difficult to deal with. It seemed that it had to use all of its poisonous stingers in one strike. Yes, let's do that!'

When the Giant Poisonthorn Dolphin thought of this, all of its poisonous stingers were shot at Yun Chujiu at once. Yun Chujiu dodged with great effort and was still hit by a poison stinger on her calf.

Just as the Giant Poisonthorn Dolphin felt triumphant, it felt a sharp pain in its back. Several small purple lightning bolts had struck its back without anyone noticing...
