

The Yun Family's Ninth Child is an Imp! Chapter 997

All the teachers' faces were stiff. Did you do this on purpose?!

What do you mean by being a little slow? What do you mean by not being eliminated?

All of you have broken the record! Still you were slow?! Are you going to give others a chance or not?!

One of the teachers pointed at the screen angrily. "Look at it yourself!"

Yun Chujiu glanced at the screen and saw that only the name of her group was on it, she asked in puzzlement, "Could it be that the other groups have all escaped? Only our group is left? It's over, we've been eliminated! I've already tried my best, but I didn't expect to still be eliminated! Three senior brothers, I've let you all down! I didn't expect that the people of the Tianyuan Continent would be so ridiculously strong! Uwaaaa! It's over, we can't enter the Tianyuan Academy anymore! My heart is about to break!" Yun Chujiu said with a sad face.

Feng Ming and the other two did not understand. They had always listened to Yun Chujiu. When they heard Yun Chujiu say this, they thought that they had been eliminated. Their faces also revealed a disappointed expression.

"Junior Sister Little Jiu, your skills are not inferior to others. If you are eliminated, so be it. We will try again next year!" Feng Ming was afraid that Yun Chujiu would be too sad, so he comforted her.

"That's right, Junior Sister Little Jiu. At most, we can start all over again. Only when we know our weaknesses can we improve!" Shi Xuan also comforted her.

Geng Yi gritted his teeth. "Junior Sister Little Jiu, we are the ones who dragged you down. Next year, we will definitely not drag you down."

...

Those teachers had an expression that said, "F*ck! You guys are not deliberately making fun of us, right?!"

The people of the Tianyuan Continent are ridiculously strong? Are you sure you're not mocking them?

If they are so freakishly strong that they haven't come out yet? You guys are weak? If you guys are weak, would you guys get first place twice in a row?

However, seeing that the little girl had cried so pitifully, it could not have been intentional. Perhaps she really thought that she had been eliminated.

Thus, the teachers coughed dryly a few times. "Cough cough, don't cry! You guys haven't been eliminated. You guys are the first to come out. Wait at the side!"

Feng Ming and the other two were initially stunned before they cheered. "Junior Sister Little Jiu, we're in first place! We haven't been eliminated!"

"That's great! Junior Sister Little Jiu, we've entered the third round. Don't be sad!"

Yun Chujiu rolled her eyes in her heart, 'Of course, I know that we're in first place. We're the only ones on that list. Moreover, those teachers had an expression of arrogance. Only the three of you are stupid enough to think that you've been eliminated!'

She definitely did it on purpose. She just liked to look at those teachers who looked down on them with a dumbfounded expression. 'Hmph! Look down on me more! I'll blind your snobbish eyes with my radiance!'

She took out a handkerchief and wiped her tears. "We're not eliminated after all. That's great! So the cultivators of the Tianyuan Continent aren't that strong after all!"

The faces of the teachers stiffened. The feeling of being slapped in the face was terrible. Those other trash had not come out yet. They were even worse than this team 250 who only had members at the first level of the spirit sect. Trash! Idiots!

After a few more hours, the name of Team 18 lit up. Then, Yin Sulian and the other three were teleported out. Because Yun Chujiu and the other three were waiting in the corner, Yin Sulian and the other three did not see them when they came out, therefore, Yin Sulian and the others naturally thought that they were the first out. Their faces were full of pride.

"Teachers, we took less than 10 hours. We should be the first, right? We could have been faster, but we were delayed for the sake of training. Otherwise, we would have come out in 10 hours!" Yin Sulian could not help but say happily.
