

The Yun Family's Ninth Child is an Imp! Chapter 998

None of the teachers said a word. All of them were as silent as a mouse.

Yin Sulian could not help but feel a little smug. It seemed that they were too fast. These teachers were all shocked!

“Actually, we have encountered demonic beasts we were familiar with, so we were a little faster. If it were demonic beasts that we haven’t seen before, we wouldn’t be able to come out so quickly.” Yin Sulian pretended to be modest and said a few words.

Another disciple surnamed Zhang, who had his head raised, said, “The four of us already have higher spiritual power than the others. It’s normal for us to get first place, but it wouldn’t be normal if we didn’t!”

Another hawk-nosed person also echoed, “Junior Yin, we can’t be arrogant and complacent, but we also can’t belittle ourselves. We still need to have confidence. If we don’t have confidence in the first place, won’t the examinees that come out later be considered trash?!”

“That’s right. If we don’t have confidence, won’t those four trash from the Azure Mystic Continent have to bang their heads against the wall? Hahaha, I bet that they won’t be able to get out even if it’s dark tomorrow unless they voluntarily give up and get teleported out,” A fatty said with a pout.

...

Those teachers were all angered to the point of laughter. If Yun Chujiu’s group originally did not exist, their words could be explained as just youthful and frivolous banter. However, with Yun Chujiu’s outstanding results, this sort of behavior reeked of shamelessness!

Yin Sulian and the other three were boasting like four clowns until one of them, the hawk-nosed person, turned around and saw the screen. “What?! That’s impossible! How can number 250 be on top of us?”

Following the hawk-nosed person's words, Yin Sulian and the other two quickly turned to look at the screen. When they saw that group number 250 was placed above number 18, as if a loud slap had landed on their faces, especially that fatty who said that Yun Chujiu and the others would not be able to complete the test even if it was dark tomorrow.

"Impossible! There must be something wrong with the screen. How could they be faster than us? Where are they? If they haven't come out yet, there must be something wrong with the screen!" The fatty shouted.

"That's right, there must be something wrong with the screen! Where are they?" Yin Sulian's face turned red. If Yun Chujiu and the others really won first place, did that mean we have lost our dignity just now?!

"Aiya, are you guys looking for us? I'm really sorry. I was a little tired from waiting, so I took a nap. Did you guys just get out?" Yun Chujiu hopped over and said with a smile.

"You! You, when did you get out?" Yin Sulian's head buzzed with confusion, "This Yun Chujiu finished earlier than us?! How was this possible?! It must be because the ocean environment was easier. They had taken advantage of it!"

"Us? We weren't too early. We were only five or six hours earlier than you guys," Yun Chujiu said indifferently.

"Five or six hours earlier? Impossible! Did you guys come out in six hours? Who are you trying to fool?!" Yin Sulian shouted angrily as if this could cover up the embarrassment and panic in her heart.

"If you don't believe me, you can ask the teachers!" Yun Chujiu curled her lips and said indifferently.

Yin Sulian looked at the teachers, and asked in a slightly trembling voice, "Is... is what she said true? Did they really come out in just six hours?"

One of the teachers coughed dryly. "Yes, group 250 got out in six hours."
